DISORDER IN CHICAGO ELECTION

THURSDAY TO BE AVIATION DAY IN NEW CASTLE

Rogers Tips Off Dinner Clubs How to Shorten Talks

(Special To The News)

COLUMBUS, O., April 10.—Flew 220 miles from Louisville here with the Cardinal aircraft pilot, Gast. We had a head wind and made it in one hour and forty-five minutes. Takes all day on train.

Say, you luncheon clubs, stop eating and singing songs long enough to get you some paint and a brush and go out and put the name of your town on the biggest roofed building you got. It would be a tremendous aid to aviators.

Lots of towns can't afford an airport, but any of you can do this.

Your Kiwanis or Rotarys could do it some day and not miss over half of some speech.

Pray for any friends in Chicago today.

Yours,
WILL ROGERS.

PA NEWC OBSERVES

Will Rogers today joins the list urging that buildings in cities be painted with a name designating their identity, for the benefit of aviators flying over. This practice has been started here, and it was indicated that more roofs would be painted, but those inclined to aid this work have been a little slow in getting it started.

The coast to coast marathoners are beginning to fall by the wayside rapidly. Earl Dilks of New Castle, while not out in front of the procession is still progressing, and his supporters here believe that he will be one that will be able to stick it out.

Members of the Scottish Rite Consistory bodies are spreading the fame of New Castle and the great Cathedral, throughout cities of Western Pennsylvania, on the occasion of their personal visits to these cities. Several were visited by local delegations during the past week, when the glories of the cathedral were emphasized.

We note that horses and dump wagons have displaced the large trucks on the cut that is being made for the new road just beyond East Brook. It is likely that it was found the horses could pull through the soft earth in the fill in better shape than the heavy trucks.

The news that the South Side Branch of the New Castle Public Library will open Friday, April 20, is extremely gratifying to the residents of the South Side. For a long time, the children from Lincoln-Garfield school have made it a practice of going to the new branch every day to see if it was opened yet. But after Friday of next week they may go there and read to their heart's content.

But Miss Alice M. Sterling, librarian, does not want the impression to get abroad that the library is designed entirely for children. There is an adult's section also, which will contain all of the much loved older books as well as those which are somewhat newer.

And the South Side Branch, Pa Newc understands, will be used as a sort of experiment station for branch libraries in other parts of the city. It will not be long, say the librarians, before another branch is starteed on the East Side, and still another in Mahoningtown.

In a few more weeks, the New Castle Motor club will move its offices to The Castleton, according to Manager B. N. Hanlon. There, in the city's largest hotel, will be located the Lawrence county branch of the A. A. A., that society which is designed to help motorists. The position will be a strategic one, both for the club and for the tourists.

The reason why the club has not yet moved into its new offices at The Castleton, Pa Newc learns, is that they want to begin in the hotel with a clean bill. They are going to discard all old office furniture, and get new. When it arrives, the club will move.

The kite is again becoming popular with the very young ideas. Now-days

Complete Plans For City Greeting To Noted Flier

Local Planes To Be Escort From Warren To This City

RUSHING WORK ON AIRPORT COMPLETION

Civic Committee Is Named To Take Part In Reception

Thursday is aviation day in New Castle. It is a day set aside by Mayor William H. Gillespie for the furtherance of the science in western Pennsylvania. And it will be marked by Clarence D. Chamberlin, New York-to-Germany flyer, who will make three appearances at the Scottish Rite Cathedral.

Headed by Mayor Gillespie the aviator will be greeted when he reaches New Castle by a reception committee consisting of 55 of New Castle's prominent citizens and city and county officials. The mayor will then present him with a large tin key to the city, cast at the Shenango works of the American Sheet and Tin Plate company, to remind him that he is in New Castle, the world'e tin plate center.

Escort From Warren.

But even before he starts for New Castle, Chamberlin will know of the city for an escort of honor composed of Ralph R. Kegarise and Ed. Schultz will fly their plane to Warren, O., where they will meet the aviator and fly with him to New Castle. Herbert Peairs a member of the airport committee of the New Castle Chamber of Commerce and manager of the Scottish Rite Cathedral will also make the trip flying with Mr. Schultz. It is

Floods Menace New England

Northern Vermont And Upper New Hampshire May Be Hard Hit

EASTERN CANADA FLOOD TOLL MOUNTS

(International News Service)

ST. JOHNSBURY, Vt., April 10.—The flood menace continued today in northern Vermont and upper New Hampshire.

With the breaking of the dam near Gilman, lives of residents of parts of that town and Lunenberg were in danger.

Men of Lunenberg had worked waist high in water to rescue household goods and livestock in homes along the lowlands.

Residents of Colebrook, N. H., cut off from railroad communication, prepared to leave their homes if the dam at Connecticut Lake breaks.

Highways in the upper section of Vermont and New Hampshire are from two to four feet under water in many sections.

Railroad traffic has been hampered by washouts on the lines of the Boston and Maine railroad and the St. Johnsbury and Lake Champlain railroad, one bridge being weakened at Morrisville.

MONTREAL, Que., April 10.—The death toll in eastern Canada's spring floods mounted to five today. Mrs. William Rutherford of Northo Bay and her infant child were drowned in the swollen torrents of Bear creek and Treffle Roy and William Morin were drowned in the Chaudiere river when their buggy was swept off a wooden bridge. J. Roy, Canadian national railways baggageman, was killed when a washout carried his train into the Saint Francis river near Drummondville, Quebec., R. Thivierge, express messenger on the same train, is still missing.

DEATH RECORD

Mrs. Freda May Morris, 29, 9 Robinson street.

Thomas Martikkala, 55, 903 Du-Shane street.

Charlotte Irene Lutton, infant, Moravia road.

A PROCLAMATION

Whereas: Mr. Clarence D. Chamberlin will arrive in New Castle on Thursday, April 12, I would respectfully ask that merchants display flags in front of their places of business and give him a real welcome; and

Whereas: aviation is growing by leaps and bounds, and we believe that in a short time air lines will connect all principal cities of the United States both for passenger and freight service; and

Whereas: this industry should command our attention and be given whole hearted support: therefore

BE IT RESOLVED that I, therefore proclaim Thursday, April 12, as AVIATION DAY for New Castle, Pennsylvania.

MAYOR WILLIAM H. GILLESPIE.

HIGHEST CLASS HONORS ARE TAKEN BY GIRLS

Miss Gertrude Potter Is Valedictorian Of High School Class For June

Second Honor Place Is Won By Captain Of Girls' Basketball Team

Announcement was made yesterday that Miss Gertrude Potter, daughter of Mr. and Mrs. Dawson D. Potter of 913 Adams street, has been named valedictorian, and Miss Jennie Wygonoske, daughter of Mr. and Mrs. Frank P. Wygonoske of Neshannock avenue, has been named salutatorian of the June graduating class of the senior high school, for which commencement exercises will be held on Wednesday evening, June 6.

Miss Potter and Miss Wygonoske have been popular students at the local school since their entrance into that institution and both have been prominent in school affairs.

Miss Potter, who will give the valedictory on commencement night and who has many school activities to her credit, has the distinction of being the first graduate for some time to have attained a mark of A in every one of her academic subjects.

Miss Wygonoske, who has also been a fine student, has also been outstanding in athletics, having been captain of the girls' varsity basketball team this past season.

Air Race Between Noblewomen Turns Out Big Failure

One Plane Crashes, Other Held Up By Officials Due To Lack Of Escort

(International News Service)

LONDON, April 10.—An air race between two British noblewomen who attempted to span the distance between London and Cape Town, Africa, from opposite starting points appeared to have come to naught today following reports from Cape Town that one of the aviatrices, Lady Bailey, crashed in her plane at Tabora, Africa.

Lady Bailey was unhurt but her machine was wrecked. Tabora is in the territory of Unyamwezi, a British possession in East Central Africa.

Meanwhile, Lady Heath, who started out from Cape Town with the intention of reaching London before Lady Bailey arrived at Cape Town, is still in Cairo. She is unable to fly to London because British officials at Cairo refused to permit her to cross the Mediterranean unescorted. No escort is available.

Mother And Three Children Perish, Home Is Destroyed

Husband Of Fire Victims And Boarder In Chicago Home Are Seriously Burned

(International News Service)

CHICAGO, April 10.—A mother and her three small children perished in a fire which destroyed their home here today. Three other persons, including the husband and father and two roomers, are in a hospital in a critical condition.

The dead are: Mrs. Leslie Whitaker, 23, and her babies, Marjorie, aged five; Warren, two, and Betty Lou, 11 months.

Leslie Whitaker, the husband and father, was so badly burned that he may die. Mrs. Mary Braten and Tobias Piff, cousins of the dead woman, were seriously burned trying to rescue the family.

Detective Kills Youthful Bandit

(International News Service)

CHICAGO, April 10.—An order to "stick 'em up," was met today by a hail of lead from the revolver of Robert Woodward, a detective.

As a result, one of two youthful bandits who tried to hold Woodward up, was instantly killed and the other bandit was captured.

The slain man is believed to have been Joe La Rocco. His companion gave the name of Richard G. Burney.

Woodward was off duty when the pair accosted him.

Coroner's Probe Fails To Solve Mystery In Fire

No Light Is Shed On Origin Of Bunkhouse Blaze Costing Two Lives

ASSOCIATES UNABLE TO EXPLAIN BLAZE

Coroner's Jury Recommends Further Investigation By County Authorities

Mystery surrounding the origin of a fire in which Charles Johns and his son, George Johns, of Princeton were burned to death in a bunkhouse at a coal mine in Wayne township last Friday night, was unsolved by a coroner's jury at an inquest held in Ellwood City last night.

Testimony of the witnesses related largely to circumstances before and after the fire was discovered. There was no person who had actually seen the fire start.

James Hilton, one of the occupants of the bunkhouse, claimed that a gallon of whisky had been drunk during the evening. He said he was so drunk that his mind is a blank as to what happened.

No Recollection

Confronted with evidence that he was discovered walking away from the bunkhouse with a bundle under his arm, while the house was on fire, he maintained that he had no recollection whatever of having had a bundle, why he had taken it, how he got out of the building or how the fire originated.

Testimony showed that George Mayberry, who occupied the north end of the bunkhouse with Hilton, was absent from the scene at the time the fire started. He was in Ellwood City and returned about the time that the building was burned down.

Jury Verdict

The jury returned the following verdict: "We, the jury, find that Charles Johns and George Johns came to their deaths on the evening of Friday, April 6, 1928, at about 10:20 p. m. in Wayne township, Lawrence county, Pa., about two miles from Ellwood City, as a result of burns sustained when the bunkhouse which they occupied was burned. We are unable from the testimony to determine definitely the cause of the fire. We would recommend, however, that further investigation as to John Hilton, one of the occupants of the

Big Round-Up Of Y. M. C. A. Members Now In Progress

Hundred And Fifty Men And Boys In Whirlwind Drive

GOAL IS SET AT 500; EXPECT TO PASS IT

Members Of Boys' Teams Expect To Be First To Cross Wire

With the organization complete in every detail, 150 men and boys today are trying to get 500 memberships for the Y. M. C. A. and thus raise the set quota of memberships in one day, following the final organization meeting of the teams, which took place Monday evening at 6 o'clock in the banquet room of the Y. M. C. A.

And if determination and enthusiasm mean anything, the memberships are as good as raised, for never was there assembled a more determined group at any one community project drive.

Keynote Speech.

The keynote speech of the drive was sounded by Robert J. Tully, who is general chairman. Mr. Tully urged the men and boys on to victory, and further requested them to give as much time as possible to the work, for it is really worth while. He also expressed the opinion that already the drive was as good as over the top for the men and boys had something to sell, and were going to sell it.

Herbert Peairs, manager of the Scottish Rite cathedral, was the next speaker on the porgram. He spoke a few words of advice to the boys from his long experience in campaign work.

Sees Boys as Winners.

"Really, you know, I believe that the boys' teams will win out in the competition, because they look even more enthusiastic than those boys who are older," he commented. "But I am sure that no team will be under its quota when the final roll call is taken.

"I believe that I do not need to give advice, for many of the workers here assembled are already familiar with campaigning. I have worked with them before. And they are good. They will do what they promise.

"You need no advice. You are engaged in an important piece of community work, and by definition one of the most important pieces of community work in the United States. In the country there are

POISON FUMES ARE FATAL TO COUPLE CORONER ASSERTS

(International News Service)

PITTSBURGH, April 10.—Carbon monoxide poisoning was ascribed today by the county coroner as the cause of the deaths of Miss Katherine Ludwig, 19, of Ebensburg, a student nurse in a hospital here, and Herbert B. Neale, 21, of Altoona.

The bodies of the young couple, fully clothed, were found in a room of an apartment house here yesterday. A gas stove was burning and all windows in the room were closed.

EXPANDING B. & O. SHOPS AT JUNCTION

Will Expend $150,000 Here In Immediate Shops Improvement

TO ADD FOURTEEN IMMENSE ENGINES

Providing For Operation Of 38 Sante Fe Type Of Engines Out Of City

Improvements approximating $150,000 for the Baltimore and Ohio shops at New Castle Junction were announced on Monday by General Master Mechanic Harry Reese of Akron, O., who was at the New Castle shops on a tour of inspection.

Due to the increase in business and an addition of 14 Sante Fe type engines which will run out of New Castle, a number of improvements are to be made, and these will be started immediately.

Stalls To Be Lengthened

The Santa Fe type engine is 105 feet long, and to accommodate them in the roundhouse the stalls must be lengthened. A new compressed ash pit will be constructed, replacing the old ash pit, which has been in use for many years. This alone will cost about $50,000.

A Whiting drop table will be installed, operating electrically, instead of the old drop table operated by hydraulic jacks. The drop table is used for removing wheels from shopped locomotives and will enable the shop to do the work in about one-

FORD SEES WORLD WIDE PROHIBITION

Famous Car Manufacturer Tells London Dry Era Coming

Discusses Many Other Questions While On European Visit

(International News Service)

LONDON, April 10. — World prohibition was predicted here today by Henry Ford, America's famous motor car manufacturer.

The increased use of labor saving machinery also was forecast.

Mr. Ford does not believe that increased use of machinery in factories causes unemployment on the contrary he thinks it gives more work.

Mr. Ford says that America is enjoying national prosperity. He says it will continue indefinitely.

The industrialist believes that there is no danger of war.

Asked for his views on prohibition, Mr. Ford said:

"It is a fine thing. I believe it will become world wide. I never touch liquor. I do not like it. Both alcohol and tobacco are bad. Alcohol destroys the brain cells just as tobacco does. Both lower a man's efficiency I believe that industrial competition will force prohibition upon the whole world."

Supreme Court To Adjourn Early

(International News Service)

WASHINGTON, April 10.—With a new record for disposition of cases in sight, the U. S. supreme court may adjourn during the latter part of May, it was indicated today.

The court has virtually "worked itself out of a job", and it appears doubtful whether there would be enough current business to carry the court to its usual adjournment on the first Monday in June.

Chicago Primary Polling Places Closely Guarded

Take Every Precaution In Chicago To Prevent Serious Disorders Among Voters

HECTIC CAMPAIGN IS BROUGHT TO CLOSE

Fair Weather Prevails And Thousands Flock To Cast Ballots For Favorites

By FRANCIS E. HEALY
International News Service Staff Correspondent

CHICAGO, April 10.—Bloodshed, violent beatings, kidnapings, ballot box stuffing and terrorism marked Chicago's primary election today.

Gangsters Active

Gangsters were reported running rampant through districts, police squad cars whirled to all parts of the city with each fresh report, city officials and election workers were terrified and were placed under strong guard as Chicagoans marched to the polls to cast their vote for the battling leaders in the torn Republican ranks here.

One man was shot, four election workers were kidnaped, three were beaten, seven reports of ballot stuffing were received, 11 polling places reported disorder and that hoodlums were wrecking the places, and numerous minor cases of terrorism were reported to police.

Gang at Polls

A gang of men riding in an automobile appeared before a precinct in the 42nd ward and five minutes later a frantic call was received by the board of election commissioners that the men were sitting in the machine with machine guns trained on the line of voters waiting to cast their ballots and directing them to vote for State's Attorney Crowe.

By the time detectives reached the scene the gangsters had departed.

The entire election board, officials and clerks of a precinct polling place on the west side was reported kidnaped by gangsters today and the ballot boxes wrecked.

CHICAGO, April 10.—The issues of Chicago's widely heralded "twogun" primary election were being decided at the polls today.

The balloting is statewide, and out of it will come the major parties' candidates for United States senator, governor and the usual run of state and county offices.

The limelight of an ordinary routine state primary election has been grabbed by Chicago through an unprecedented reign of terror that marked a bitter factional feud within Cook county Republican ranks. There is practically no contest among Democrats.

Bombings and murders punctuated the violent local campaign.

PAYNE NOW LEADS RUNNER'S CARAVAN

By LELAND C. LEWIS
International News Service Special Correspondent

CLINTON, Okla., April 10.—C. C. (Cross Country) Pyle's eighty-two New York-bound heel and toe artists today moved out of Sayre for their thirty-eighth control, fifty-one miles eastward. The warm Oklahoma sun and wide, sandy roads, were a boon to the bunion derbyists after a trying week-end in Texas in the throes of a blizzard that caused many of the stragglers of the race to fall by the wayside.

Payne In Lead.

Andrew Payne, Oklahoma youth, headed the caravan out of Sayre with an elapsed time of 226:33:07 for the 1,335.6 miles from Los Angeles. Peter Gavuzzi, Southampton, England, was second, 1 hour 24 minutes 43 seconds behind. John Salo, Passaic, N. J., Finn, retained a tenacious hold on fourth place, with Philip Granville, Jamaica negro, of Hamilton, Ontario, fifth. Olli Wanttinen, diminutive New Yorker, occupied sixth place.

Increasing interest in the transcontinental race is evidenced with each passing day. At Erick, a town of 2,000, through which the field of runners and walkers passed yesterday morning, several times that number lined the streets. Local financiers lost no time in printing streamers, "Welcome Andy," a tribute to young Payne, which were readily purchased by his zealous supporters.

Athletes were given notice at starting time this morning that after reaching Tulsa next Monday all athletes would be required to reach each nightly control or thus be automatically disqualified.

Earl Dilks of New Castle, Pa., negotiated yesterday's lap in 9:50:29. Dilks is now thirty-fourth in the race, with an elapsed time from Los Angeles of 327:00:48.

The swimmin' hole has been dead for months, no boyish yells have assailed its peace, and for weeks and months it has slumbered on, serene neath a blanket of snowy fleece. The elders have stood through the winter months, dreary and naked and brown and stark, no flying forms have rushed through their midst, from early morning 'till after dark. But the swimmin' hole will be coming to life and it won't be long 'till the schools are out, and the bank will be trod by a myriad of feet, and the summer air rent by some kidlike shouts. It won't be long 'till you'll hear a splash, and wallowing round in the shady pool, and a hundred youngsters will paddle around, just spending their time as they try to keep cool. And you and I will recall the days when the swimmin' hole called us to water play, and we'll wish that we could go back again, to that swimmin' hole, forty-six today.

District Attorney Bryan Back From Recent Convention

Criminal Code Acts And Other Matters Discussed By District Attorneys

District Attorney J. Elder Bryan, who with Judges Hildebrand and Chambers, attended the convention of judges and district attorneys in Philadelphia, returning home today, Mr. Bryan reports a very interesting meeting.

One of the subjects discussed was whether or not an act should be passed enabling the issuance of extra state subpoenas for witnesses out of the jurisdiction of the court, so comity between states not having such legislation. This would mean that a witness could be subpoenaed from another state. The consensus of opinion was that such an act should be passed. District Attorney Bryan says that a case was recently tried in the Lawrence county court, where such an act would have compelled the attendance of a witness, who could not be forced to come under existing laws.

Another question discussed was: Should killing as the result of wantonness and recklessness in the operation of an automobile be enacted to be second degree murder? A majority of those present were of the opinion that penalties should be increased.

Heavier penalties for hit and run drivers was advocated. A number of questions regarding the grand jury system were discussed.

After the convention District Attorney Bryan and Mrs. Bryan, who accompanied him, visited Atlantic City and other points of interest.

over 1,000 Y. M. C. A's. They represent a capital of between 175 and 180 millions of dollars in buildings alone. And they are working for the interests of young manhood, and of course, in older manhood also.

Go Out and Work.

"The Y. M. C. A. makes it easy for a young man to go right and hard for him to go wrong. You have something to sell, and it is something that every community needs. It should be easy.

"Go out tomorrow and do a day's work. The actual time that anyone spends in community work is very small. So, I repeat: Go out, stay with the job and win in one day. It is the time for action, and action always wins. Everyone knows the Y. For that reason, it should be easy to sell. All you have to do is to present the proposition."

Robert L. Meermans, general secretary of the Y. M. C. A., next told of the goal of the drive.

"This year we have set the goal at the ridiculously low figure of 500 memberships. These should—and I feel confident that they will—be gotten the first day. What we really want to do is to surpass last year's total of over 1100 memberships. With the organization that we now have, I am sure that we can do it. The quota for each team is 50 members. All will go over the top, and I believe that the boys' division will go over first."

Mr. Meermans then handed out prospect cards to the team workers and explained the various phases of the solicitation. The first report meeting will be held this evening at 6:30 in the banquet room of the Y. M. C. A.

also expected that a representative of The News will be taken.

Tickets for the banquet have been placed on sale at all of the industrial plants of the city as well as many of the stores in the down town section. For the banquet the price of the tickets is $2.50 each which also includes admission to the lecture later in the evening. For admission to the lecture, a fee of 50 and 75 cents is being charged. At the matinee for school children ten cents is the fee.

A concession was made by the New Castle school district whereby all children who care to attend the lecture which is scheduled for 3:30 in the afternoon will be excused from school.

Over East Washington street a banner will be hung reading "WELCOME CHAMBERLIN."

Rush Airport Work.

At the airport on the Harlansburg road work is being pushed with amazing rapidity towards completion of the runways on which the ships will take off from New Castle. This morning the usual force was fortified by an addition of 24 men from the Carnegie Steel company and the Shenango Works of the American Sheet and Tin Plate company, through the courtesy of R. J. Tully and David S. Pyle. They are under the supervision of Russell Melvin and C. L. McMillin. Ed Schultz of the New Castle Aircraft corporation and pilot of the Pride of New Castle is supervising the work from the airman's viewpoint.

Following is a list of those who will serve on the reception committee to welcome Chamberlin:

These cold mornings, and cold days are hard on crocuses and other outdoor flowers. On North Mercer street, where a bed of crocuses once stood, the front yard is blank, and the flowers lay on the ground, frozen.

Last evening the first meeting of the Y. M. C. A. membership drive teams took place. Never has Pa Newc saw such a number of youthful enthusiasts. Of the 150 workers, fully half of them were boys early in their 'teens. And all were bound to win, for, in the opinion of those who are older, they will win.

Robert J. Tully, who is general chairman of the Y. M. C. A. drive this year, is seriously hampered with a bad cold, yet he will be out and fighting for the association he confides to Pa Newc. His speech last evening was cut short because of the cold, and he ruefully admitted that he was saving his voice so that he could talk to prospective members.

Many months ago, one of Pa Newc's friends told him of the sign at the cathedral which warned all and sundry that "no tresspassing" was allowed. Well, the sign still remains up. And there is another sign which shows a mammoth disregard of the King's English. On South Mill street, a firm advertises that it has "Fisch for sale."

CHICAGO PRIMARY POLLLING PLACES CLOSELY GUARDED

(Continued From Page One)

a. m. with an army of 35,000 special guards and police on hand to preserve order. Fair weather prevailed, which was expected to bring out an unusually heavy vote.

Voting was brisk through the early morning hours.

The turbulent campaign closed last night in a whirlwind finish typical of the manner in which it had been contested.

Shortly before midnight word reached police that Titus Haffa, alderman and small Thompson-Crowe leader from the 43rd ward, had been kidnaped. Haffa is Thompson's candidate for ward committeeman.

Search for Haffa

Eighty detective bureau squads were immediately dispatched to search for Haffa and to prevent the kidnaping of other candidates and ward workers. Each bureau car was armed with automatic rifles and riot guns.

"Don't mix into politics" was the substance of instructions given the bureau squads and special detectives who will do guard duty at the polls by Deputy Commissioner of Police William E. O'Connor.

"Keep hands off, if possible, and if you have to question anybody do it in a polite manner," said O'Connor. "Don't shove any machine guns down the throats of the public."

Elaborate Precautions

County Judge Edmund Jarecki, whose responsibility it is to see that the election is "fair and square", had taken elaborate precautions toward this end. He has enlisted the services of hundreds of citizens recruited from the membership of civic clubs and business men's associations. These men will serve as watchers and challengers at the polls.

In addition Judge Jarecki has assembled a crew of photographers who will take pictures of riots and attempted disorders.

"Gangsters fear the camera," said Judge Jarecki, in explanation of his scheme. "They know the camera is a witness that cannot be bought off or discredited through perjury."

PLANNING FOR MEMORIAL DAY

(Continued From Page One)

a good speaker for the day and the committee in charge of this important task of securing a speaker consists of Ralph M. Campbell, R. L. Boyd, N. C. Patton, Frank Schetrom and Frank Concilla.

Under the arrangements made at the meeting last night the Veterans of Foreign Wars will see to it that the graves of veterans of all wars in Oak Park and Graceland cemeteries are properly decorated. The American Legion and Sons of Union Veterans will take charge at Greenwood cemetery. The other cemeteries will be taken care of by detachments from all the organizations.

Fred L. Rentz was named to be in charge of the transportation of the old soldiers and ladies from the Capitol theatre where the first part of the program will be presented, to the cemetery, where the concluding part of the ceremony will be held.

The next meeting of the committee will be held April 30.

EXPANDING B. & O. SHOPS AT JUNCTION

(Continued From Page One)

fifth the time of that of the old table.

New Mechanism

Out in the yard a Ledgerwood is being installed and one sidetrack will be taken over, to be known as the Ledgerwood track. A Ledgerwood is a modern machine which turns locomotive tires. Formerly it was necessary to take off the tires and machine them, cutting a new flange on them and machining the tread. This will now be done without removing the tires from the wheels, by the use of brake heads which cut the flange and machine the tread at the same time. The Ledgerwood is the invention of a B. & O. employe and the one now being installed at the local shops is the second one in the United States, the other being at Willard, O.

At the present time the B. & O. shops are busy, and with the opening of lake traffic in May, more business is anticipated. Recently 14 of the monster Santa Fe type engines were added to the New Castle Junction shops, making 38 of them in all which will operate in and out of New Castle.

MEASURE TO CALL FOR SIDEWALKS

Councilman Clayton H. Reeves today made a motion during council session, which passed, instructing Solicitor R. M. White to draft an ordinance providing for the construction of sidewalks in Huron avenue between Hazen and Vogan streets.

Pitt Construction To Receive Money

Fumes At Disposal Plant Cause Paint To Disappear, Rust Appears

Paint cannot last on the tanks at the city disposal plant for any length of time, according to information today to city council which met in the city building.

At least the place was painted by the Pitt Construction company and the "fumes have eaten off the paint," it was stated though the paint used matched with the specifications.

The Pitt Construction company which built the plant will raise the sidewalks which have fallen two inches on account of improper drainage.

The company will be paid $3,800 and an additional $200, as soon as the tanks are repainted.

WORLD WIDE GUILD ELECTS OFFICERS

Mrs. Stanley Reese was elected president of the World Wide Guild of the First Baptist church at the annual meeting and dinner Monday evening.

Miss Mabel Morrison was named vice president, Miss Frances Haydon secretary and Mrs. Jane Pattison treasurer. Chapter six of the study book was reviewed by Group Four, of which Miss Verlee Armstrong is chairman. A solo number was given by Mrs. Reese. Miss Leone Armstrong of the Westchester Normal school was a special visitor.

Preceding the business meeting dinner was served in the church dining room at attractively appointed tables in charge of the social committee.

L. A. B. Club.

Fifteen members of the L. A. B. club were present when Mrs. Anna bell McFadden, Highland avenue, entertained Monday evening. Music and games were enjoyed and the prize was won by Mrs. Howard McClymonds.

Easter tones were carried out in the refreshments and Mrs. Flora Cunningham assisted the hostess in serving.

Mrs. J. W. Higgins was a special guest.

The next meeting will be with Mrs. Wilbur Jones, Winslow avenue, in two weeks.

Bertha Girls.

Mrs. Lloyd McKinnon, Winter avenue, received the Bertha Girls of the First M. E. church in her home, Monday evening, with Mrs. Thomas Llewellyn and Mrs. Cecil Gordon, associate hostesses.

DELIGHTFUL PROGRAM FOR THE MUSIC CLUB

Mrs. D. C. Lindley presented a piano program which was most enthusiastically received at the meeting of The Music Club, Monday evening in the ballroom of The Castleton.

Her first number was Papillons by Schumann, in which she showed an imaginative sense and delicacy.

The second group by Schubert were exceedingly well rendered. Mrs. Lindley stated her reason for playing Schubert was due to the fact that this year is the centenary of Schubert's death and will be celebrated in every country, and also is her "prime favorite." This group included Minuet in B minor, Moment Musicale, Impromptu in F minor, Impromptu in G, and two numbers arranged by Liszt, Hark, Hark the Lark and Barcaralle.

During the short intermission an article from a New York paper, concerning Schubert, was read by Mrs. Robert E. Fleming.

Mrs. Lindley continued by playing a group of modern numbers La Reve, by Wachtmeister, The Old Musical Box, a delightful pictorial number by Gooseness, Lento and Allegro by Cyril Scott. The final number was Ballade in G minor by Chopin.

In her entire program Mrs. Lindley displayed individuality and produced a singing tone of warmth and color. It was decidedly a privilege to have heard her.

Mrs. Eli Kaplan was hostess of the evening. The nominating committee composed of Mrs. E. O. Fankhouser, Mrs. D. Duff Scott, and Mrs. Paul Welsh submitted the following for election. President, Mrs. Irving Brown; vice president, Mrs. Ernest Greiner; recording secretary, Miss Helen Ewing; corresponding secretary, Miss Margaret Jeffries; treasurer, Miss Kathryne Nessle; assistant treasurer, Mrs. Howard Platt Meehan, and executive board Mrs. E. SOLDIERS' PEACE CONFERENCE

NEXT September representatives of 15,000,000 fighting men will meet in Luxembourg City. The delegates will all be veterans of the World War, and will represent all the nations that engaged in that war. They will carry from their comrades at home a mandate for the prevention of future conflicts.

In such a movement there are peace possibilities greater, perhaps, than in any organized efforts yet made. Those veterans know what war is. They know its horrors and terrors better than civilians or statesmen can. One of their present aims is to adopt a world-wide propaganda to inform the younger generation regarding those horrors.

The old forget, often, what war was; the young have never learned. The World War veterans, standing between two generations, are the only ones who can have a thorough realization of what the conflict meant in terms of direct human experience and suffering and demoralization of the normal standards of life. It is well for them to undertake such a work before they, too, lapse into dulness and fatalism, and before the new generation grows up with a revival of the perennial fallacy that there is glory, honor and profit in war.

Soldiers may be able to accomplish what statesmen have not accomplished. Fighting men should be the best crusaders for peace.

BORAH'S FUND

THAT fund Senator Borah undertook to raise, to repay Harry Sinclair his oil-tainted campaign contribution, isn't growing very fast. There are only about $8,000 in it so far. The chance of raising the whole $160,000 is rather slim. It is embarrassing to repay less than the whole, and many insist that it shouldn't be done anyway.

Now some philanthropic person suggests that Senator Borah turn over the money to the starving miners. Donors might object to this diversion of their contributions, but the miners need the money more than Sinclair does, and possibly deserve it more than he.

MILLIONS OF NEW VOTERS IN NOVEMBER

AT least a dozen organizations have joined in the movement inaugurated by the National Civic Federation for arousing the interest of citizens in the coming presidential election.

At the initial meeting in Washington it was announced that an educational campaign would be started in five hundred leading cities, with the hope and expectation of getting out the largest vote ever cast in a federal contest. The plan, of course, is entirely non-partisan and has the indorsement of both the Republican and Democratic National Committees.

The most significant statement at the meeting was the reminder that approximately 7,000,000 young men and women will be old enough to cast their first ballot in November.

How many of that number will actually go to the polls? It is difficult to predict; but they should all be impressed with the importance of the election, and those who do vote should do so intelligently.

If these new voters could be drilled into the habit of voting regularly they would offset the shameful neglect of many of their elders. But experience proves that even the young have to be talked into doing their duty in this regard. It is going to be still more difficult with the new women voters. Not all of them can be made to understand that the franchise is a privilege that should be used and cherished.

The worst offenders are those who have the least excuse for their indifference. John Hays Hammond, in a spirited speech at the Washington gathering, declared the most conspicuous delinquents are not numbered among the laboring men, "but come from the class that goes out to play golf on election day." It is impossible to force men and women to do their civic duty. They cannot be dragged to the polls. But they can be made to understand that their failure to exercise this right is the cause of much of the mis-government of which we are so fond of complaining.

RADIO CONTROL

AMERICANS who object to government control or radio should know when they are well off, lest they suffer a worse fate. In many other countries radio broadcasting is a public monopoly, not only controlled but owned by the government.

That is the case in England, and Canadians are now asking whether it is not the solution for their country. There are two reasons there for wanting stricter control. One is the fact that half the owners of radio receivers are not paying the license fee. The other is the difficulty Canada has had with the United States over conflicting wave-lengths and her quota of broadcasting stations.

Both of these troubles might be lightened, Canadians think, if the government were the only party to deal with in the broadcasting business.

Fred Rentz came down from New Castle to post a forfeit of $5,000 that the coming District Conference would be the best ever held he also told us the convention headquarters would be maintained "in the beautiful Masonic Cathedral" where there is an auditorium cabable of seating 3,500 persons and where they have banquet facilities for 3,000. This Cathedral is known as the most beautiful of its kind in the United States. Such authorities as internationally famed Lorado P. Taft have stated that it is the best of its kind they have ever seen." Fred also gave us a lot more interesting statistics regarding New Castle and said nothing less than 100 percent attendance would be expected from the Beaver Falls club.

Canada Is Booming.

$50 a Minute.

A Prince Too Popular.

$5,000 Per Corpse.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Business in Canada is booming, new high records indicated in many directions. That is good news for this country. Prosperous neighbors are the best.

Canadians know how to do some things that, like the serpent on the rock, are too much for us.

In Canada, government can and does own and run railroads, successfully. They do not admit as we do, that our public men lack intelligence and honesty needed for public ownership.

In Canada they consider the users of hydro-electric power first, even the small farmers, and the power companies come second.

Here our power companies come first, and the consuming public nowhere. The consumer to the big company is what the young Frenchman was to Napoleon, simply useful material.

It is some comfort, not much to realize that the law of eminent domain can always adjust that—in case the people ever learn to vote.

Porcupine Camp, in Canada, is "delivering gold at the rate of $50 a minute." That seems like a great deal of money, but it is not such a great deal, in these days.

$50 a minute, 8 hours a day, 300 days a year is only $7,200,000 yearly.

We have citizens to whom that would seem a pitifully small income.

The late Judge Gary, before this country got into the war, said of one prosperous American: "I know he has at least twelve million dollars a month income, because I have borrowed that much from him, for the steel company. I think his actual income is nearer twenty millions a month."

"Only" $12,000,000 a month would be $144,000,000 a year, five per cent on nearly three billions.

You cannot judge by income tax returns, because the great fortunes are held in corporations, and care is taken not to let the money out in taxable dividends—entirely in accordance with law.

We do not appreciate how prosperous this country is, or what good reasons big men have for wanting to keep the little fellows employed, well paid and contented. The crowd contented, is the big man's insurance against trouble.

It's possible to be too popular as little babies, kissed almost to death, can testify.

The Prince of Wales also knows it. British fox hunt and steeple chase authorities have decided to keep away crowds of hysterical women that rush to see the prince, when he rides, shrieks encouragement at him and his mates, frightening the latter so that mistakes in jumping and dangerous falls result.

The young prince, good-natured even with mob foolishness, has read "The Bacchae," and probably thanks Heaven that he is a modern popular prince, not ancient Dionysius.

Young writers of advertising copy should also read Euripides. It would help them to escape the curse of modern advertising—newspaper English.

A Texas grand jury will investigate charges that murder rings are formed to collect rewards from bankers.

The Texas bankers offered $5,000 each for bank burglars, dead. Ingenious gentlemen have been causing individuals, not really bank burglars, to pose as such, then killing them and collecting rewards.

Banks must be protected, but have bankers a right to establish laws of their own, unlike state laws? And what about inciting to murder, when you offer a reward for a corpse. The penalty for attempted bank robbery is not instant death, but the bankers' reward offer makes that the law.

Suppose merchants offered $5,000 dead or alive, for any banker guilty of charging usurious interest. That would be technically as lawful as the bankers' generous offer for burglar corpses.

Through the Congregation of the Holy Office, the Pope condemns the "Association of the Friends of Israel," and forbids all Catholics to write or print books in its support. That association was founded "for the purpose of converting Jews to the Catholic faith." The Pope objects to its methods, although it has been supported by many cardinals, bishops and hundreds of ecclesiastics.

Jews, as well as Catholics, will approve this action by the Roman Catholic authorities. Far away are the days when Jews had to choose between forcible conversions and banishment, or even death.

Six hundred in one day were burned alive in Germany because they would not renounce their own faith.

Holland, Belgium and other countries are injured financially by American restrictions on importation of bulbs, flowers and plants. Americans regret the necessity of keeping out bulbs hard to get here.

Science might find some way to make bulb importation safe, by use of gas, or brief application of heat sufficiently intense to kill harmful bacterial life without destroying life in the bulb.

Bar, shape and plate steel prices were raised in February. Last week, steel pipe prices went up 5 per cent.

Raising prices is one way to keep up income, when business is dull. But is it the best way?

Ask General Motors, Ford and other big automobile makers. Their plan is to reduce prices and improve quality, thus increasing output and cutting overhead. And they prosper.

Prosperity, full employment depend on increasing consumption. If other producers followed the example of the great motor concerns, American prosperity could be increased 500 per cent and unemployment eliminated.

Dr. Crane's Editorial

THE NAPOLEONIC COMPLEX

We often hear of Napoleons of business, Napoleons of finance or Napoleons of this, that or the other.

We generally mean a man who has determined to accomplish his purpose and crushes everybody and everything ruthlessly to achieve success.

Napoleon was a tyrant that stopped at nothing to gain his own ambitions. He was ruthless and he never looked at the interests of anybody else, but at his own advantage.

He was diametrically opposed to Jesus of Nazareth. The latter went about doing good. His object was the betterment of his fellows and he had no selfish ambitions of his own.

The purpose of Napoleon was to make Napoleon great and, if any man stood in his way, woe to that man!

The jails and penitentiaries of the world are full of Napoleons. Almost every criminal is a monster of selfishness. If he had thought of the welfare of others he would not be a malefactor.

All crime, in its last analysis, is but super egotism. When a man's desires and ambitions center upon himself and do this to such an extent that he disregards the rights of others, he may become a Napoleon, but society very properly clasps such a Napoleon into a prison cell or hangs him.

To follow the teachings and example of the Nazarene remains the surest way to permanent success and lasting fame.

George Washington was never greater than when he refused the crown, and Lindbergh was popular not because of his exploits but because of his modesty.

No man that takes Napoleon for his model is going to be of help to his fellow men or is going to be raised by them. It is not the domination of some great man or leader that the world needs. It is for men to be of great service. Napoleon lusted to be the master of all. The Nazarene called himself the servant of all.

God is more than the Almighty King seeking the worship of his creatures. He is the Almighty servant that goes about sustaining life, bestowing his benefits on everything that he has made.

He still remains the most modest Being in His universe.

Bible Thought For Today

THE ONLY LIVING AND TRUE LORD:—For who in the heaven can be compared unto the Lord? Who, among the sons of the mighty can be likened unto the Lord? Psalm 89:6

PRAYER: Speak Lord, for Thou hast called: Hear, O my people, and I will testify unto Three.

The World AND THE Mud Puddles

QUEER QUIRKS OF HISTORY

Who would ever associate the three gilded balls which hang over "My Uncle's" pawnshop with Lorenzo the Magnificent?

Lorenzo de Medici was the first and greatest of the de Medicis and the Era of Modern History known as the Renaissance dates from his rule of Northern Italy from the palace at Florence.

Lorenzo was the Alexander Hamilton and Andrew Mellon of his day and generation as well as the patron of Art and Literature. The coat of arms of his family bore three gilded "pills" or balls because the family had been prior to the birth of Lorenzo in the drug business. History politely refers to his forebears as belonging to the Profession of Medicine. The Doctors of the Middle Ages were Leaches and generally cut the hair and shaved the faces of their customers as well as bled them when ill.

The de Medicis were good barbers, druggists, doctors—what you will. They made money and became the most powerful and richest House of Florence. This family, being the richest in Florence, was often called upon to lend money. Other wealthy families followed in their footsteps, and adopted as an advertising sign, the three golden balls which represented the de Medici arms. Thus in time it came to pass that the three golden "pills," now grown to three large gilded balls became the universal sign of the money lending business when personal belongings were given as security.

If there is any doubt about the de Medici having been good druggists, it ought to be remembered that they became, at least in the lifetime of Catherine de Medici, the greatest poisoners of history.

Just Folks

WE NEVER REACHED GOAL

Half the fun is dreaming,
Half is keeping on.
Planning for and scheming
Till the thing is done;
But when you've achieved it,
Dull and cold it seems.
Not as you perceived it
In your golden dreams.

What is done is ended.
You need hope no more.
That which seemed so splendid
In the days before
Lies a task completed
Commonplace to view.
Just a foe defeated.
Now there's more to do.

Joy is in the dreaming.
Doing holds the thrill.
Dull the time is seeming
While you're standing still.
Pride of conquest stifles
All the future fun.
Goals achieved are trifles.
Greater must be won.

Dark although the day be
Joy lies in the doubt.
Hope is in the may be
You can work things out.
But the thrill is over
When the fight is won.
And you must discover
New goals farther on.

SUPER-WHEAT

University of California scientists, experimenting in a laboratory, have succeeded in growing wheat to maturity in 13 weeks. It was grown without soil and without sunlight. It was grown under powerful electric lights in water which contained the chemicals necessary to plant growth. Wheat under field conditions requires about five months to mature.

Future generations, in an overpopulated land, may reap huge harvests as the result of the patient laboratory experiments of today. The earth's surface will never increase.

CHARLES B. DRISCOLL

LOYALTY

There are many kinds of loyalty, of course. The word is much abused. Like the word patriotism. Patriotism meant one very definite thing to Nathan Hale when he faced death at the hands of his country's enemies. It means a very different thing, but equally definite, to a man who has flags for sale and wants to force you to buy them.

Loyalty, likewise, means different things to different people. When the coal miners and the railroad men were on strike in Kansas, in the troublous days of the industrial court regime, I remember that the words loyalty and royal were used to describe every person in the state. The railroads and the mine operators referred to the workers who stayed with them as loyal workers. The union chiefs, union men and union sympathizers referred to those who walked out as the loyal men, and to those who stayed on the job as—well, as something altogether different.

* * *

Not long ago I was talking to a Canadian government man in Nova Scotia. He was telling me about points of interest in the neighborhood. He said that in this vicinity settled many of those Americans who fled from the Thirteen Colonies during the American Revolution, in order to avoid fighting against the king.

"You know," he said, "there were many of them. You call them loyalists."

"I beg your pardon," I interjected, "we call them traitors!"

It's in the point of view, like so many other things.

* * *

But I've been reading "Splendor", by Ben Ames Williams. It is a novel about newspaper folk. Mr. Williams senses and pictures the loyalty of the typical newspaper man to his paper. Now, I can understand that kind of loyalty. I have spent most of my life in its atmosphere.

There is nothing quite like it. Williams gives you a picture of his hero, who has just become a reporter. He is reading, with mighty personal pride, about the great new presses just installed by "his" paper. He is as proud as though he had designed and built the presses. Every newspaper man, young or old, will recognize that picture. The loyalty of the newspaper worker to his "sheet" is one of the strongest and most mysterious forces I have ever observed at work in the human animal. It is one of the ingredients that goes into the making of the soul of a newspaper.

Depositions To Be Presented At Klan Suit

Depositions From D. C. Stephenson And Joseph Simmons To Be Read In Court

BARCLAY WILL BE RECALLED TO STAND

(International News Service)

PITTSBURGH, April 10.—The depositions of D. C. Stephenson, former head of the Ku Klux Klan in 21 states and William Joseph Simmons, founder and first imperial wizard of the order, were to be presented today in federal court here at the hearing of the suit brought by the five deposed members of the Ku Klux Klan against the hooded order.

Barclay who was to resume his testimony at today's session charged that the Klan officials sponsored riots, kidnappings and manhanding as "publicity stunts."

Barclay charged that Sam C. Rich, former Grand Dragon of Pennsylvania suppressed the names of 60,000 of the 300,000 members which the Klan at one time had in the state and appropriated the initiation fees paid by them. While actually 300,000 members were admitted state records showed only 240,000, he said.

The five "banished" defendants are attempting to show that the organization in Pennsylvania is insolvent and has become an instrument of lawlessness. They demand receivership for it and an accounting for the $20,000,000 which they claim was collected in the state. The Klan in its suit seeks to show that while the defendants had been banished from the organization, they continued to meet under its name and used its paraphernalia.

Besides Van A. Barrickman, defendants in the suit brought by the Klan are Rev. John F. Strayer, former Exalted Cyclops of Latrobe; Charles S. Hunter, former Exalted Cyclops of Unity Klan;; William C. Davis, former Exalted Cyclops of Manor Klan and Dr. Charles F. Oyer, deposed head of William Penn Klan of which Barrickman claims he is a member.

Coroner in Charge

The inquest was held by Coroner J. P. Caldwell in the city building. Mayberry and Hilton were brought from the county jail, where they were being held until the inquest by Sheriff H. M. Reynolds, County Detective William Fleming and Constable J. Sharp Leslie.

The commonwealth was represented by Attorney William J. Moffatt, who did most of the questioning of the witnesses. Attorney Joseph Leta Jr. of this city was present in the interest of Mr. Hilton, and cross-questioned the witnesses.

Connie Wardman, who operates the mine where the tragedy occurred, was the first witness. He testified that he had been called to the scene of the fire at 10:20 on Friday evening. When he arrived the building was almost destroyed. He found Hilton at the fire. Hilton told him there was no one in the bunkhouse. Mayberry, who was also present, stated that there were two men in the house. Neither of them knew how the fire started. Mr. Wardman saw the remains of Mr. Johns and his son removed from the building.

Mr. Wardman also stated that Hilton and Mayberry had come to his home on Friday morning and that he had given them the wages due them. There had been an accident to a car and they could not work Friday.

Neighbor Testifies

Larry Yoho, who lives near the location of the bunkhouse, testified that he had been near it while going to the home of a neighbor at about 9:30 p. m. Friday night. He said he had heard pounding, like as if a hammer was being used inside. He had seen Hilton near the shanty and had heard him cry, "Ho George" several times. There was no response. At about 10:10 a light on the windows of his home apprised him of the fire. He ran out and started toward the shanty. He saw Hilton some distance from the shanty and called to him to come back. Hilton was going away, but came back. He said there was nobody in the shanty.

Heat Is Intense

Yoho broke the windows and discovered a partition between the two sections of the shanty on fire. The heat was so intense and the smoke so dense that he could do nothing more toward getting inside. He ran for George Funkhouser, foreman of the mine.

Carl Latimer, who lives near the shanty had been in Ellwood City and was putting his car in his garage when he discovered the fire. The roof was then burning. He started toward the fire and met Hilton about 100 yards from it. Hilton was carrying a bundle under his arm. Witness asked him where he was going and he said to New Castle. Hilton also said that there was nobody in the shanty. He went back with witness but did not assist others who had arrived in trying to put out the fire.

William Latimer testified that he had seen both Hilton and Mayberry at the fire, the latter coming about the time the shanty was burned down. Hilton had told him that there was nobody in it. Witness helped to carry water, but Hilton did not. There were also others present who did not assist in carrying water.

George Funkhouser, foreman, stated that he saw Johns sitting on the steps of the shanty about 8 p. m. He heard him talking to some one inside. He saw Hilton after the fire had been discovered. Hilton sat on the ground part of the time, and then moved around among the spectators. The shanty had about burned down when witness saw Mayberry coming down over the hill from the direction of Ellwood City. The shanty was lined with pasteboard. There had been no fire in it during the day for far as the witness knew.

Gave No Aid

Lee Parker had seen Hilton at the fire, and noticed that he took no part in trying to put it out. He had seen Hilton and Mayberry talking after Mayberry returned from Ellwood.

Mrs. George Funkhouser, a spectator at the fire, saw Hilton sitting in a field about 35 yards away. She saw Mayberry coming over the hill from the direction of Ellwood City. Later she was standing about ten feet from Mayberry and Hilton, when she heard one of them say, "keep your dam mouth shut". She did not know which had said that.

James Smith, told about meeting Hilton and Mayberry on the road after the fire. They wanted him to take them to New Castle, but he refused, telling them he would take them to Ellwood in his car and they could get a street car there. He let them out of the car near the Harmony station. They told him about two men being burned in the shanty.

Was Intoxicated

Mrs. Daisy Atkinson of Wurtemburg, a sister of Mayberry, testified that the men had come to her house about 1 a. m. Saturday morning and asked to stay all night. Hilton, she said, was evidently intoxicated, but she did not notice any evidences of intoxication about her brother. They told her about the fire.

A. R. Kelly told about finding a bundle containing two blankets and an overcoat, about 500 yards from the fire. He had turned it over to Carl Latimer yesterday, who took it to the sheriff's office.

George Mayberry, the next witness, stated that he had seen the bundle in the grand jury room at the court house yesterday and that the blankets belonged to the shanty and the overcoat to him.

He told about going with Hilton to get his pay from Wardman last Friday morning. He said that they had been drinking during the day in Ellwood and returned to the shanty toward evening. He left again for Ellwood City at about 8 o'clock. He had left Hilton lying on a bunk in the shanty. Charles Johns was sitting by the bunk talking to him. George Johns was outside on the steps. When he returned the shanty was in flames. Hilton told him there was no person in it and he tried to convince Hilton that there was.

On Good Terms

Mayberry said that after the fire he and Hilton had gone to his sister's in Wurtemburg to stay all night. Next morning they went to Koppel and Homewood, returning to New Castle on Sunday evening. He said that he and Hilton had always been on good terms with Johns and his son.

James Hilton testified that they had about a gallon of liquor on Friday evening and that he had drunk so much that he did not know what had happened. He was questioned at considerable length. He remembered where he had been during Friday and up until after they had returned to the shanty. The last that he could remember, he said, was when he was lying on a couch in the shanty and Mr. Johns was talking to him. He did not know when Mr. Johns and his son had left. Neither was he able to throw any light on how the fire started, how he got out of the shanty, why he carried the bundle with him. He insisted that his mind was a total blank as to what had happened, attributing it to the amount of liquor which he had drunk, saying that he was paralyzed.

George Moon told about overhearing Hilton telling Mayberry that there was nobody in the shanty.

Hilton, Mayberry and the Johns men were good friends, so far as the witnesses knew. The Johns had been working at the mine since last fall. Hilton for about four months and Mayberry about four weeks.

Following the inquest Mayberry was discharged, as there was no testimony to indicate that he had anything to do with the fire. An information charging suspicion of Felony was made by County Detective Fleming against Hilton before Alderman Marshall. He is being held in the county jail, pending a disposition of this charge, which will be made upon further investigation.

BIRTH RATE

France worries about a declining birth rate. But the birth rate in England is less than it is in France. England worries less about it for there is a more frank recognition in that country that it is better to have fewer and better babies than it is merely to have more babies. The problem of an over-crowded population ought to be faced with more sense and less sentiment.

THE RIGHT TO DO

"It is the outstanding characteristic of our day, the emphasis upon the divine right of the individual to do as he pleases." So says Miss Mary Wooley, president of Mount Holyoke college. This is not altogether a bad sign. The best achievement in all lines comes through honest self-expression. The man or woman who, by the force of circumstances is denied the freedom of self-expression without judgment may be a little better than the gesture of a lunatic. All of which goes to show that the best thing that can happen to young folks is education.

JURIES

A New York woman lawyer is co-author of a bill to limit jurors to those who have technical knowledge of the causes of action on which they are asked to sit. Candidates for the jury would have to have special qualifications or they would not be allowed to sit. That would be a great improvement over the present system under which cases of importance are frequently tried before men and women who are not only uninformed, but who may sometimes be of less than average intelligence.

Better than that, this country may hopefully look forward to the day when the present jury system will be abolished and cases will be disposed of by arbitrators who have expert knowledge of the facts.

Post Office Men Plan For Baseball

Organize Athletic Association And Elect Officers For The Season

At a meeting Monday evening, April 9, the employes of the New Castle postoffice organized an athletic association and planned for a schedule of games with surrounding postoffice teams.

A most enthusiastic meeting was held and to judge from the interest shown it seems that the local team will surely bring home the bacon and the end of the season will see them champions.

The plan is to play a series of games with surrounding postoffice teams and it is likely that games will be arranged with teams from Sharon, Mercer, Greenville, Erie, Grove City, Franklin, Oil City, Butler, Youngstown and others.

The officers of the association as elected are: President, Thomas Davis; vice president, Russel Thompson; secretary and treasurer, Walter Hindman; captain of the team, David Thomas; manager, George Swisher.

Special Speakers For Women Voters

Senator George T. Weingartner will be the principal speaker at the meeting of the colored women voters this evening at the Elm street Y. W. C. A.

Representative Bart E. Richards will also speak.

DOG BITES BOY

Sanitary Officer L. S. Hoon reported to police headquarters Monday that a police dog belonging to Vernon Farris, 134½ West Long avenue, had bitten a son of Alex. Buntman on the right leg, making quite a severe wound. Officer Hoon ordered the dog tied up thirty days.

Konjola Gave Her New Feelings Of Glorious Health

This Local Lady Tells How New Medicine Ended Rundown Condition of Entire System.

MRS. CLARA MAJORS

Seavy Photo.

This surprising new medical compound, Konjola, is entering more homes in and around New Castle every day, until one out of every three families know about this celebrated medicine and reports are constantly being received from those who have been benefited by this famous remedy.

Konjola has produced permanent relief in thousands of cases of stomach, liver, kidney and bowels disorders where the suffering had been going on for years. The action of this new herbal preparation has astounded the drug and medical trades of New Castle as well as the public in general.

Among the latest to publicly indorse Konjola is Mrs. Clara Majors, 1202 School street, this city. Mrs. Majors made the following statement to the Konjola Man who is at the Love and Megown drug store, 204 East Washington street, New Castle, where hundreds of bottles of this medicine are being sold every week and where the Konjola Man is daily explaining how this compound reacts on the inner-system.

"Since taking Konjola I am free of every health trouble that I ever suffered from" said Mrs. Majors. "I am sure there is not a better medicine in the drug stores today to build up a completely rundown system.

"I have never been able to find out what made my condition so rundown. It seemed to me that the least exertion would completely tire me out. I steadily lost weight and was down to ninety pounds. All day long I would have awful backaches. Whenever I stooped over it was almost impossible for me to straighten up. I had no appetite and the food I did eat would not nourish me the way it should. My kidneys troubled me a great deal and I was subject to constant night rising. Of course, I could not sleep very well and in the morning I felt almost as tired as if I had not been to bed at all. Then my liver became sluggish and torpid. This caused me to have spells before my eyes and dizzy spells. It was very hard for me to do my housework and as I continued I got worse and was very discouraged.

"In this condition I began taking Konjola and the change that came over me was a great surprise to myself and my friends. Every day I could feel myself growing stronger and I began to take more interest in the things that went on around me. It seemed that every dose had a healing effect on my system. I began to gain in weight and before the first two bottles were gone I put on eight pounds. All the headaches and backaches completely disappeared, and have never returned. My appetite has increased and I can now enjoy a meal and know that I will get the proper nourishment from it. My liver and kidneys are normal and all the miseries from these organs have vanished.

"I will always give Konjola the highest praise and I am making this indorsement for the good it will do others."

The Konjola Man is at the Love and Megown drug store, 204 East Washington street, New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy.

The Konjola Man will be at the store from 7:00 to 9:00 Wednesday and Saturday evenings.

State Treasurer Checks Not Cashed Totals Thousands

Many Checks Mailed From State Treasurer Never Cashed By Recipients

HARRISBURG, April 10.—While investigating the fact that a number of checks mailed during previous treasury administrations had never been cashed it was discovered that one hospital in the state had never known that it had $79,758.85 coming to it, State Treasurer Samuel S. Lewis has made known.

Lewis said there were no records available to indicate that an attache had lost the original check for that amount and that there was no intimation that the check had ever been cashed. He also cited other instances where the checks had been mailed from the treasury department and were never known to have been cashed.

The state treasurer said that a Clarion county man had written to him, saying that as executor of an estate he had found among the effects of the deceased treasury warrants totalling $145.55, drawn in 1883, 1884, 1885 and 1887, but never cashed. The was told to present them for payment but, according to Lewis, he has not done so. Lewis added that the department had already issued duplicate checks totalling $131,870.71.

Lewis said his books showed that checks issued during previous treasury administrations and uncashed up to March 1, 1928, were drawn against the following funds:

Dog tax, $1,005.76; general fund, $33,715.35; motor fund, $5,496.25; game, $314; engineers' fund, $370; insurance tax fund, $22.33; school employes' annuity savings, $97.61; school employes reserve fund, $365.63.

Federal Agent Is Liable To Action For Negligence

(International News Service)

WASHINGTON, April 10. — Prohibition agents can be convicted of a criminal offense for failure to enforce the national prohibition act, the supreme court ruled today.

The court's decision was made in answering the question certified by the ninth circuit of appeals, after John P. Donnelly, former prohibition director for Nevada, had been convicted in Federal court in Reno for failure to report an offense to the United States district attorney.

Nearly Hundred From New Castle At Westminster

New Castle Has Largest Number Enrolled At County School

(Special To The News)

NEW WILMINGTON, Pa., April 10.—Westminster's net enrollment for the year is 549 students, according to a survey made of the recent issue of the college bulletin. This includes 71 seniors, 112 juniors, 147 sophomores, 185 freshmen and five special students in addition to 78 students in the music department, 49 of whom are taking regular college work as well.

New Castle leads the list of towns supplying large numbers of students, with 92 men and women enrolled from that city. New Wilmington, with 62, and Pittsburgh, with 36, are next in line, while Sharon, with 31 students, stands fourth.

Other towns which have sent numbers of students to the United Presbyterian school are: Butler, 22; Youngstown, 11; Turtle Creek, nine, Farrell, 8; Erie, eight; Jamestown, seven; Elizabeth, seven, Bellevue, six; Homestead, five; Sharpsville, four, Coraopolis, four, Cochranton, four; Mercer, four.

Most of the Westminster students are from Pennsylvania towns, but 12 other states have also sent people to New Wilmington. These include Ohio, 35; New York, eight; New Jersey, seven, and Iowa, Tennessee, Maryland, Illinois, District of Columbia, Massachusetts, Nebraska, South Dakota and Indiana, one each.

Bennett-Balchen Back In Detroit, Canada Explored

Members Of Byrd South Pole Expedition Arrive In Detroit After Test Journey

(International News Service)

DETROIT, April 10.—Floyd Bennett and Bernt Balchen, members of the Byrd south pole expedition, are back in Detroit telling how they explored the Canadian gold fields north of Winnipeg in a Ford monoplane and staked out 31 claims.

The flyers went into northern Canada to test out the Ford monoplane under conditions similar to those anticipated in the south pole flight scheduled to start this fall. The plane performed satisfactorily, they reported, in sub-zero temperatures and using landing ski instead of wheels. The test flights lasted ten days.

Besides Bennett and Balchen nine other persons were carried to the gold fields in the Ford plane. The party staked out 31 claims. One is next to a claim that sold for $20,000.

Bennett said the plane had taken off and landed on ice and hard and soft snow with a load of 13,000 pounds. The monoplane's weight, 5,982 pounds, is included in this figure.

Besides Bennett and Balchen, the monoplane carried six others on the return trip to Detroit.

Speed Is Keynote In New Trial For Harry F. Sinclair

Jury Selected In Three And One-Half Hours On Opening Day Of Trial

JUSTICE BAILEY MEANS BUSINESS

By GEORGE E. DURNO
International News Service Special Correspondent

WASHINGTON, April 10.—In striking contrast to the procedure in the last trial, it appeared certain today that speed will motivate the current prosecution of Harry F. Sinclair, wealthy oil man, for his part in the alleged conspiracy to defraud the government of the Teapot Dome naval oil reserve.

Justice Jennings Bailey in one court day has hown plainly that he will tolerate neither stalling tactics nor miscellaneous legal orations. Taking matters into his own hands, he personally selected the jury with a rapid-fire examination of 64 talesmen in the remarkable time of three hours and ten minutes. What had been expected to be the first protracted argument between counsel over procedure, he cut short with a ruling before the defense lawyers had even gotten warmed up.

Speedy Decision.

At the trial last October, which broke up when it was found Burns detectives in the employ of Sinclair were shadowing the jury, it took a day and a half to fill the jury box, although about 20 less talesmen were examined. Justice Frederick L. Siddons, who presided, listened to interminable arguments over technicalities of the law and often weighed the opposing points overnight before announcing a ruling.

Such, Justice Bailey has indicated, is not be this time.

Bailey has a reputation for speedy decisions, and when lawyers in the past have persisted in arguing after his rulings, he has been known to fine the more persistent for contempt of court.

Owen J. Roberts, federal oil prosecutor, will greet the locked-up jury this morning with an opening statement outlining the government's case against the oil man. He will tell the 12 men who are in the custody of the marshal for duration of the trial that he expects to prove that Sinclair gave former Secretary of Interior Albert B. Fall a bribe of $230,500 in exchange for a lease on the Teapot Dome oil reserve. He will outline for them the machinations of the defunct Continental Trading company of Canada, allegedly organized by Sinclair and others to make the money paid over to Fall.

Then the jury will hear the first of the testimony. Before the day is over, Roberts expects to have M. T. Everhart, son-in-law of Fall, on the stand. Everhart was mute at the last trial, pleading fear of self-incrimination if he talked, but today he will admit openly that he collected the money from Sinclair in the form of Liberty bonds and personally deposited them to Fall's credit just after consummation of the oil lease.

Herron Counsel Asks For Change Of Venue Today

(International News Service)

NEW PHILADELPHIA, O., April 10.—Attorneys for William D. Herron, confessed slayer of his sister-in-law, Viola May, 23, whose body was recently recovered from Tuscarawas river, announced Monday they would demand a change of venue for Herron before Judge E. E. Lindsey. An impartial trial for their client would be impossible in Tuscarawas county, they will contend.

SMALLPOX CAUSES MANY PEOPLE TO SEEK VACCINATION

UNIONTOWN, Pa., April 10.—Discovery of two smallpox cases just outside the city limits has resulted in much uneasiness here and a rush to be vaccinated is reported.

Official announcement was made today that Arthur Miller aged 37, and his wife Clara, 35 are suffering from the disease and a strict quarantine has been placed around their home. Several children who recently had been vaccinated have not been affected by the disease. The parents had never been vaccinated.

Overloading Cars Is Grave Danger

Hanlon Points Out That Freedom Of Driver Is Interferred With

Street and highway safety is suffering from one practice that the individual car owner might eliminate—that of overloading the car—according to Bernard N. Hanlon, secretary of the New Castle Motor club. With spring weather giving rebirth to the desire to use the motor car to the fullest extent, numerous accidents will be traced to this practice unless the individual motorist sees its dangers and avoids them intelligently, Mr. Hanlon warns.

"When cars were 'wide open' at 12 miles an hour it did not make so much difference when they were overloaded," he continues. "In those days construction took care of the problem where speed did not. To overload a car meant simply that the engine balked, an axle or spring broke, or something else taught the owner that caution was the better part of hospitality.

"The car of today is much different. Its engine has power enough and its chassis is strong enough to permit overloading without any mechanical danger. But there is a much greater danger: that of interfering with the freedom of the driver. And the driver must have freedom to handle the car freely.

"The intelligent car owner will not invite guests to accompany him on a trip when it will result in a marked reduction of the safety factor as well as being physically uncomfortable for everyone."

TOWNSHIP SUED FOR BIG DAMAGES RESULT OF ROAD

UNIONTOWN, Pa., April 10.—Charging that Franklin township road supervisors were negligent in failing to keep the highway clear from an obstruction which wrecked a motor truck loaded with ball players and killed Andrew Husar, Jr., of Perry township, Andrew and Helen Husar parents, today instituted a suit for $10,000. Husar and other members of the Star Junction Sokol team were returning from a game at Smock when the wreck occurred. When the truck was overturned Husar was thrown violently against a fence post which extended over the drain at the side of the road and almost instantly killed. Several other players were injured.

DELIRIOUS MAN LEAVES HOSPITAL

SHARON, Pa., April 10.—Joseph Overfield, Thornton avenue who suffered a fractured skull and other injuries when he was struck in Sharpsville avenue by a street car on the night of March 31 escaped from Buhl hospital late yesterday. Clad only in a hospital robe, trousers and an overcoat he wandered several miles during the night.

At 6 a. m. today he appeared at the home of L. A. Geiwitz near West Middlesex, weak from exposure to the cold. Members of the Geiwitz family brought him here and turned him over to the police. He was taken to the hospital where his condition today was said to be critical.

KEPT BOOZE FOR WIFE'S RHEUMATISM

BEAVER, Pa., April 10.—Sam, nego, Monaca entered a plea in court to a violation of the liquor laws. He said the eight gallons of moonshine found in his home by the officers was for home consumption. He asserted his wife was troubled with rheumatism and used it to massage her limbs. Judge McConnell sentenced the negro to pay the costs a fine of $250 and 30 days in jail.

A barrister went into the library of the Middle Temple, which, as usual, he found packed with Indians studying law books. At the far end of the room he saw a white man.

The barrister's sense of humor overtook him. He walked the whole length of the library, held out his hand and said in a loud voice:

"Dr Livingstone, I presume."—London Tit-Bits.

Friend: "Your stable boys and your trainer all stutter—is that intentional?"

Racehorse owner: "Yes, I have them on purpose so that they can't tell stable secrets—by the time they have got it out the race is over."—Die Buskette, Vienna.

AMERICANISM: Failing to fill the cigarette lighter; wondering why it doesn't work. More of the same in the case of youngsters' heads.

News Notes Of Granges

The master of the California State Grange established a record for Grange work during the month of January which will be hard to match. He spent the entire month visiting Granges in his state and was accompanied by his wife. Together they installed the 1928 officers in 33 different Granges, attended a large number of rally meetings, gave several addresses over the radio and traveled nearly 2,000 miles by automobile, covering practically all the organized Grange sections of the state. California is coming forward rapidly in Grange prosperity and several new sections are being opened up for the Grange.

The annual school for lecturers to be held at Cornell University in Ithaca, N. Y., the middle of April, will bring together Grange and rural leaders from all parts of the Empire State, and will prove an event of outstanding significance in the training of rural leaders for all sorts of community service. Practically every county in New York will be represented at this big get-together.

Scores of Granges throughout the country enlist the energies of their young people by organizing degree teams composed wholly of younger members, who spend many hours in practice and in consequence are able to put on degree features which draw members from a wide area. In Maine several Granges have such teams of young people, composed entirely of high school students, and as fast as the latter reach their graduation the ranks are filled by other students.

An interesting feature of Grange work in Michigan for the month of February is the fact that two of the new Granges instituted were organized by women, and they bid fair to be among the most prosperous branches of the order that have ever been formed in that state. One of the new Granges of the month in Nebraska was also the work of a woman organizer. In the case of Juvenile Granges throughout the country nearly all organization work has been done by women.

One of the states which is clamoring for admission into the Grange organization is Texas, from which calls have come of late from many sections, asserting that there is a good field for starting Granges in that locality. At one time there were many Granges in the state of Texas and present indications point to an early revival of Grange work there.

Several State Granges will repeat this year their plan of 1927, of contributing funds for the support of one Near East orphan child, which the State Grange "adopts" and on whose progress frequent reports are made throughout the year. The custom has been in force among the Granges for two or three years and several Near East waifs have been kept in comfortable circumstances through the generosity of American Granges.

During the course of a year a great many dramatic events and other similar money-raising projects are carried out through the country by local Grange organizations for the purpose of raising funds to aid members in time of sickness, accident or other distress. The Grange as an organization is very thoughtful for the welfare of its indidivual members and carries out a great amount of definite relief work.

During the first three months of 1928 sixty new Granges were organized in the United States, besides 19 juveniles. Many other fields now under cultivation will yield a large harvest of new Granges before warm weather arrives.

In many parts of the country local Granges are co-operating heartily in the boys' and girls' club work and are furnishing genuine initiative towards its successful prosecution. An effective combination is made by joining the forces of the Juvenile Grange and the 4-H Clubs, and working heartily together for the benefit of all community welfare projects.

More than 200,000 Grange meetings, held every 12 months in the United States, average over 100 attendance at each one.

Many foreign countries are making inquiries about the American Grange and are seriously considering starting branches among their own farm people.

The largest subordinate Grange in the United States is at Webster, N. Y., with a present membership of 1,000 and growing fast.

Granges in all parts of the United States will observe National Music Week, beginning the first Sunday in May, and hundreds of them will plan appropriate programs.

OLDEST GRANGE MEMBER

When the National Grange meets at Washington, D. C., next November for its 62nd annual convention, expected to bring together thousands of Grange members from all parts of the United States, the host Grange will be Potomac subordinate, No. 1, whose organization dates back to the very beginning of this farm fraternity; while one of those to especially welcome the national convention will be the first secretary of Potomac Grange, Major William M. King, now in his 95th year, still very vigorous, and an enthusiastic member of Potomac Grange.

YOUNGEST GRANGE MASTER

The youngest Pomona Grange master in the United States has just been located in the state of Maine and proves to be a young man in Knox county who was only 19 years old when he was elected and installed to that important position. He has already served one full year and is now starting on his second term, having made an exceptionally good record of energetic leadership. The Grange is unique in that it quite frequently calls to the master's chair young people under 21 years of age after fitting them for such tasks by starting them early in positions of subordinate service.

CONDUCT SUNDAY SCHOOLS

Many reports are made, especially in the Far Western states, of Granges which are conducting Sunday schools in small rural localities where there is no church and no other organization than the Grange to provide for religious instruction of any sort for the growing generation. These Sunday schools are usually held in Grange halls, whose use is given free for the purpose, while Grange members direct the enterprise, enlisting such community aid outside their membership as may be available.

LADY SAYS SHE NOW KNOWS THE JOYS OF LIVING

Gets Amazing Relief By Using Ten Herbs; Claims Effects Were Far-Reaching.

"The results I got from Ten Herbs were nothing short of amazing," was the statement of Mrs. Margaret Moorehead Belka, 373 Atlanta Drive, Mt. Lebanon, Pa., (near Pittsburgh), to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily demonstrating the great natural medicine, Ten Herbs. "I now know the joys of living, after several years of misery," Mrs. Belka continued.

MRS. MARGARET M. BELKA

"My trouble began in my stomach. I ate only a few mouthfuls of food at a time, but even that amount caused a burning sensation from the pit of my stomach to my throat. Coming at a critical period of my life, the shock of losing one brother and two sisters within eight days worked havoc with my nervous system. I was almost a nervous wreck. I had rheumatism so badly that I could not use my hands or feet, and was confined to bed four weeks, helpless as a baby. I was unable to turn over without assistance. At times, I had terrible heart palpitation, and my complexion was sallow.

"Realizing that I was going from bad to worse, I decided to try Ten Herbs, and now I must tell the wonderful results that followed. My nerves have become quiet, and I get a good night's rest. My bowels have become regular, and my stomach is so much better that I can eat anything that I relish without having gas, misery or bloating. Rheumatism in my hands and feet is alomst gone. My liver and kidneys are working fine. I do not have to arise at night like I used to, and heart palpitation is a thing of the past. The biliousness, dizzy spells and burning sensation in my throat have left me, and naturally my complexion has cleared. I can assure anyone that if they will give Ten Herbs a chance it will cleanse, purify and invigorate their entire system. Ten Herbs certainly did wonders for me, and I am glad to recommend it."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington St., New Castle, where he is daily meeting the public and explaining the merits of this medicine. Free sample given.

To Give Awards For Perfect Attendance

Almost 500 Mercer School Children Will Be Given School Certificates

MERCER, Pa., April 10.—Certificates of award for perfect attendance at the Public Schools of Mercer county are being made out for the 1927-1928 term at the office of the county superintendent at the present time.

The number will reach the 500 mark which is stated to show a marked increase of attendance of the 30,000 school children in the county.

Two certificates go to each child; one from the office of the state department of Education signed by officials of that department and the other signed by the county officials.

They are given for not being late or absent during the term.

It is reported that in some of the rural schools the children frame the certificates and hang them on the wall as a challenge to others of the school.

Monster Legislative Program Stares Congress In Face With End Of Session Near

Believe Farm Relief And Flood Control Will Be Enacted Prior To Closing

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 10—Although a monster legislative program awaits enactment, party leaders today began preparation for adjournment of the first session of the Seventieth Congress on May 19.

This would send Congress home three weeks in advance of the Republican National convention at Kansas City. The date was fixed tentatively at the insistence of Republican leaders who held that three weeks was a very brief period in which to complete their plans for the "free-for-all" contest likely to ensue at Kansas City in the race for the Republican presidential nomination.

Democratic leaders appeared willing to abide by the Republican decision, the minority spokesmen held that in a nominal Republican congress, the Republican leaders should set the date of adjournment, and second, they felt an early adjournment would tend to help the Democratic cause because the Republican party would be held responsible for all legislation not enacted.

Politics Predominate

The opinion prevailed that in the six weeks remaining before the potential adjournment, politics would play a predominating role. Leaders of both parties privately expressed the belief that little legislation of a major character would be enacted, aside from the flood control and farm relief bills. If a greater program is to be enacted, it is certain that both house and senate will have to speed up their legislative wheels.

With six weeks of work ahead, the legislative situation is as follows:

The House:—McNary-Haugen Farm bill, Boulder Dam bill, Jones Merchant Marine, Flood Relief and Muscle Shoals bills on calendar. St. Lawrence Waterway, Columbia River Basin and Welch Salary Increase bills in committee. Has enacted the Tax Reduction, New Navy, and Postal Rate Decrease bills.

The Senate:—McNary-Haugen bill under debate. Boulder Dam bill on calendar. Tax bill, New Navy, Postal Decrease, St. Lawrence Waterway and Columbia River Basin bills in committee. Has enacted Flood Relief, Muscle Shoals and Jones Merchant Marine bills.

Seven major pieces of legislation appeared favored for enactment before adjournment. These are the Farm Relief, the Flood Control, the Boulder Dam bill. The Tax Reduction bill, the Jones Merchant Marine bill, the New Navy measure and the Postal Rate Decrease bill. Their favored positions came from the fact that they have passed one branch of congress or else appear at the tops of the legislative calendars in both branches.

With adjournment but six weeks away, however, all or any of these bills could be deferred by filibustering tactics. A presidential veto undoubtedly would kill any or all of them, and administration leaders have predicted the President will use his veto freely.

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

FEARLESS AND FRIENDLY

Peter waited until Shrike had finished his song. Then he clapped his hands. "What a beautiful voice you have, Butcher Bird. Your notes are as sweet as can be! What made you start to carol at that moment?"

"I think it is time my wife came home and my song is the only thing that will bring her!" Shrike gave a bird chuckle. "She is off gadding—where, goodness knows—and I am weary of waiting for her. You are good company, of course, but after all, boy, there is no one like one's mate when one is feeling lonesome, and I am lonesome just this minute."

It was plain to be seen that Butcher Bird was thinking of his own plans now and the boy was sure when Mrs. Shrike came home both birds would think he was in the way. Then, too, Peter was curious to find out what the two birds by the mound were talking about. So he slipped away while Butcher Bird was still singing. The two birds were still busily engaged in their argument and didn't pay a bit of attention to him. In fact, Peter was not at all sure that they had seen him. They hadn't looked up, at least if they had he had not noticed them.

"H-hm!" after Peter had stood there for a second he cleared his throat loudly to attract their attention. Still the birds gave no sign that they had seen him.

"I beg your pardon," said he at last.

"Pardon for what?" snapped one of them, flirting about so suddenly that Peter jumped. "You haven't done anything have you?"

"Why no, of course not." The boy was so surprised at this queer reception that for a minute he did not know what to say. "But I thought that I might be interrupting you and—"

"So you are, so you are!" The bird jerked her head up and down. "But we are quite used to being interrupted, husband and I. Humans are always interrupting something. We are not afraid of you boy, not a bit."

"WE ARE NOT AFRAID OF YOU, NOT ONE BIT!" DECLARED THE LITTLE BIRD

"Why should you be?" Peter was more amazed than ever. "I have never seen either of you before. Who are you?"

"What does this look like?" Instead of answering his question the little bird pointed to the odd mound behind her. Peter walked a step nearer to the mound and looked at it closely. It was ever so much higher than either he or the birds and round at the top. He thought a moment.

"Well," said Peter, slowly, "it looks to me like an oven."

"That's my name!" the bird nodded again. 'And this is my husband. Now you know who we are?"

"But I don't," protested the boy. "Just because I said this looked like an oven you—Do you mean that your name is Oven?"

"Oven Bird! Exactly! Didn't I just tell you so?" The little lady was quite decided. "That oven, as you call it, is our house. We built it last week. You are right! It is shaped like an oven. That is where we got our name."

Coal Legislation By Congress Not Likely, Is Claim

Hope For Enactment Of Coal Legislation Is Fast Waning In Congress

(International News Service)

WASHINGTON, April 10. — Hope for enactment of coal legislation at this session practically vanished today.

Under an agreement reached today, the senate coal committee, which resumed its strike investigation after a ten day recess. Plans to examine two witnesses daily through May 20. Congressional leaders expect an adjournment by May 19. This would put coal bills over until next fall.

Some committee members indicated, however, they might introduce coal regulatory measures while the hearings are running in an effort to lay the groundwork for legislation next year.

On behalf of Southern West Virginia operators, ex-Senator Stanley (D) of Kentucky resumed his attack today on the committee's power to compel the operators to submit production and selling costs.

"Congress has no power not delegated to it by the states," he said. "Congress was never given the power to compel a man to tell all of his private business."

SPEEDY BOAT

The night was stormy, and the captain's son stood watching his father steering the little vessel. Wishing to consult his chart, the captain said to the boy:

"Here, take the wheel. I'll be back in a few minutes. Steer by the star and you will be all right."

The boy began to steer the vessel, and soon got her out of her course. When the star appeared at the stern instead of ahead, he shouted proudly to his father:

"Come and find me another star, dad. I've passed that one!"—Pearson's Weekly.

Seventh Ward News

Old Landmark Of Mahoningtown Being Torn Down

W. C. Patterson Has Contract; Other News Notes Of The Seventh Ward

Work was started on Monday of the demolition of the old Newell store building, located at the corner of N. Liberty street and Wabash avenue. W. C. Patterson, contractor of the seventh ward has the contract to tear down the old building and to erect the new one.

T. W. Solomon purchased the Newell property a short time ago. Mr. Solomon is a stationer in the seventh ward and plans to erect a brick business block on the present site of the Newell building.

With the demolition of the Newell building one of the oldest landmarks of Mahoningtown goes out of existance. The store had been built by Archibald Newell in the early seventies. Those who conducted a grocery and dry goods business in this building were, Archibald Newell the original owner, then J. D. F. Newell, then A. O. Newell and I. R. Zahniser, then Elder and Martin, the company that discontinued business a few months ago.

The oldest part of the building was torn down on Monday. This was part that was used for the ware room. This part was probably one hundred years old, as it was a blacksmith shop, long before the store was built and it moved back for a ware room.

An old salesbook was found on Monday by workmen, used in the year 1868. This book was probably used at the Archibald Newell store when located where the B. and O. subway now is located. In the book were names of grandfathers of some of the residents of the seventh ward.

ATTEND FUNERAL.

Mr. and Mrs. F. E. Kerr of West Clayton street returned home Monday from Ashtabula, O., where they had been called on Saturday by the death of their niece Miss Waneta Bowers who died very suddenly at her home Friday evening. She was the daughter of Mr. and Mrs. H. L. Bowers of Ashtabula, former residents of the ward.

MOTHER-DAUGHTER BANQUET.

Plans are well under way for a Mother-Daughter banquet to be held Friday evening in the Mahoning M. E. church. The banquet is being held by the Junior Queen Esther society.

CONGREGATIONAL MEETING.

Wednesday evening following the prayer service in the Mahoning Presbyterian church there will be a congregational meeting. There will be reports and the election of trustees.

Miss Ethel Scheidemantle will be in charge of the foreign missionary topic, Africa, and Mrs. Herman Alexander in charge of the home topic, "Negroes in America".

CHILDREN'S MEETING

The sixth and last Children's meeting of a series of special meetings will be held in the Madison Avenue Christian church, Wednesday after school. The past five Wednesdays special Children's meetings have been conducted in the church by Rev. W. W. Sniff, pastor of the church. The subjects discussed at these meetings were subjects leading up to the Easter lesson. The series was to have ended last Wednesday, but persons attending the meetings desired to have one more meeting for a general review of all the subjects. The theme for the series was, "Seven Great Events in the Life of Christ."

LOOKOUT CLASS

The Lookout class of the Mahoning M. E. church, taught by Mrs. J. A. Waddell, will have their monthly class meeting Thursday evening in the church parlor. It was previously announced that the McCoy Bible class would have a meeting in the church Thursday evening.

STANDARD BEARERS

Miner Circle Standard Bearers of the Mahoning M. E. church had a special meeting Monday evening at the home of Mrs. David Daye Sleppy on Newell avenue.

McCOY BIBLE CLASS

Extradited Co-ed

Mrs. Valeria Lasher, 23, former University of California co-ed, who recently made a hurried trip across the continent from Los Angeles, Cal., to Bridgeport, Conn., has been called on to make a hurried return trip—in the custody of a deputy sheriff. He had a warrant for alleged embezzlement. When arrested Mrs. Lasher tried to hide in a bathtub full of water. In Los Angeles, Mrs. Lasher jumped a $1,000 bond, and eloped with a 17-year-old student, fleeing cross country.

Annual Meeting And Dinner At Westfield Church

Officers Elected And Plans Made For The Celebration Of 125th Anniversary Of Church

Annual congregational meeting and dinner of the Westfield Presbyterian church was an event of Monday evening in the Westfield Grange hall.

Dinner was served at 7 o'clock at nicely appointed tables decorated with Easter flowerh. Places were arranged for 150. The serving committee consisted of the wives of elders of the congregation including Mrs. C. A. Stewart, Mrs. W. J. Duff, Mrs. C. W. McClelland, Mrs. J. H. McClelland, Mrs. W. R. Clark and Mrs. W. S. Fullerton. The dining room committee consisted of Mr. and Mrs. D. J. Gibson, Earl Cox and Miss Edna Cox.

At the conclusion of the dinner a business meeting was held with the pastor Rev. Ross M. Haverfield as moderator and Earl Cox serving as clerk. C. H. Stewart and W. J. Duff were re-elected elders for a term of three years. Henry Ehle, C. D. Fullerton and George Clark were elected trustees for a term of six years. Samuel Gibson was named treasurer and William Woods and D. M. Goughler named auditors.

The reports of the various organganizations were most gratifying and showed excellent progress. All societies and organizations had met their obligations and showed a substancial balance.

Over four thousand dollars had been given to benevolent purposes which was more than eight hundred dollars more than was needed for current expenses.

Three great projects which the congregation will undertake this coming summer were discussed. Plans were considered for a week of evangelism on June 3 to 10 with Rev. Thomas Houston, the blind evangelist assisting. Arrangements were also made to raise the endowment fund for Westfield. It was proposed to celebrate the 125th anniversary of the founding of the church in August.

Westfield church since its organization has had eight pastors. Two others beside the present pastor Rev. Haverfield are now living. They are Rev. I. E. Porter of Gallion, O., and Rev. A. J. McCartney of Santa Monica, Cal.

Rev. Landis To Begin Series Of Special Sermons

Beginning on Sunday April 15, Rev. George M. Landis, pastor of the First Baptist church will give a series of expositions on the epistle to the Colossians.

The following are some of the subjects which will be discussed: "The Scriptural Method of Combating Heresy;" "The Preeminence of Christ;" "The Mystery of the Indwelling Christ;" "Dangerous Detours on the King's Highway;" "Philisophers of Folly;" "Risen with Christ."

Rev. Landis will also begin a series of Bible studies at the mid-week service on Wednesday evening on April 18. A chart will be used in teaching and type written copies of the studies will be given to all who attend.

Riley's Injuries Not Determined

Feared Assistant City Electrician Is Injured Internally

While the X-ray pictures taken of the left hip of William Riley, assistant city electrician, who was injured Monday at noon, when a curb light post fell on him, showed that there had been no fracture of the bones of his hip, it was stated this morning by the attending physicial and New Castle hospital authorities, that there was every indication of internal injuries, the full extent of which cannot be determined at this time. His condition is considered serious.

He spent a very restless night, according to the hospital authorities, and is apparently suffering great pain from the injuries sustained. At this time it cannot be determined just what the result of his injuries may be.

Aims to Live 100

Pittsburgher Uses a Rare Spring Tonic To Keep the Youthful Fires Burning.

H. H. Von Schlick, prominent manufacturer of Pittsburgh, Pa., tells of his system for keeping young:

"For the past 25 years I have used an old Bulgarian herb prescription with such marvelous results that today at the age of 60 I feel as young and fresh as I did at 30.

The rich vitalizing herb juices extracted from these precious herbs taken once or twice a week, not only keep me healthy but give me the power and vigor of youth.

To the millions who suffer from constipation, intestinal poisons, sour, gassy stomach, liver, kidney, rheumatic and blood trouble this old Bulgarian Herb prescription may be just the remedy needed to aid nature to bring back into your life once more the cheer and sunshine of good health. Further—just to break up a bad cold and avoid pneumonia or influenza, it is worth ten times its small cost."

Don't wait, if you feel the weary drag of ill health or old age. Why not aid Nature to put back into your blood the life and power of youthful health?

See your druggist at once. Ask him for Bulgarian Herb Tea. Insist on having it. Remember Bulgarian Herb Tea is absolutely guaranteed. Physicians and Druggists everywhere recommend it as a Pure Vegetable Compound, and as the world's leading Spring Tonic. Costs but a few cents.

The Diary of a New Yorker

by CLARK KINNAIRD

Exclusive Central Press Dispatch to New Castle News

NEW YORK, April 10—Variegated notes of a reporter covering the biggest beat in the world:

A permanent wave shop on Broadway, near Longacre Square, the actors' Elysian field, has as many male customers as female.

Helen Keller, the famous blind, deaf and dumb woman, is a movie fan. She attends pictures with her secretary, Miss Polly Thompson, who spells into Miss Keller's hands what she sees.

What do you want to know about New York? Address C. K. New Castle News Bureau, 2200 Times building, New York, N. Y., enclosing a stamped, self-addressed envelope.

Eliot Clark, the portrait painter, tells how a brick started him on his distinguished career. The brick, tossed at him with no good intent, cracked his skull when he was nine. During the long period of convalescence he passed away his time learning to draw the flowers kept in his room.

Edward "Daddy" Browning, who used to gloat over the publicity he received, now gives his parties secretly.

The press agent for one Broadway producer receives a salary of $30,000 a year, more than the salary of the managing editor who fired him and caused him to become a space-grabber.

Thornton Niven Wilder, author of "The Bridge of San Luis Rey", a novel that is one of the biggest best sellers in several seasons, continues to hold an obscure teaching post in Lawrenceville, N. J.

Lord Cawley, a grandnephew of Wellington, the "Iron Duke", is appearing in a Broadway melodrama under the name of Arthur Wellesley. And the Earl of Amherst, using the name Jeffrey Holmesdale, is a reporter on a New York paper.

Bedspreads in a Brooklyn hotel have embroidered upon them "Virtute et Opera", which our Latin expert translates as "Virtue and Hard Work".

Ring Lardner, who has flat feet, calls his Long Island country place "The Mange".

Flying clubs are now as fashionable as automobile clubs were 15 years ago. Several of them have been organized on Long Island. Members are taught how to pilot a plane and then are supplied with a ship at a club rate. Hangars and expert mechanics, weather information, maps, etc., are among other privileges. One of the clubs plans to engage noted aviators as instructors in stunt flying and sponsor them in expedition or record flights.

Texas Guinan is now doing a Henry Ford and teaching old-fashioned square dances to patrons of her club. And they're popular with patrons. Jazz dances have become too strenuous for the tired business men.

"Vincent", in a barber shop in Exchange place, which cost him $100,000 to outfit, shaves and cuts the hair of many famous financial men. He is in a position to pick up inside information on the stock market, but he does not speculate. His customers, who know that the market is something a non-professional can't beat, advise him not to.

"Vincent" is one of the reasons why most stock exchange traders wear flowers in their lapels. Three days a week he pins a carnation upon the coat of every customer.

First Church Has Annual Meeting

Most Gratifying Reports Given And Officers Elected On Monday Evening

The annual congregational meeting of the First Presbyterian church of New Castle was held Monday evening at 7:30 o'clock.

James M. Smith, chairman of the board of trustees, and also congregational chairman presided. George C. White was the secretary.

The regular business of the congregation was transacted in a kindly and satisfying manner. Officers were elected, reports read, and matters of concern to the congregation were given careful consideration.

The membership of the church now stands a little more than 1200.

The attendance at the services for the past year has been most gratifying. The gifts of the people have made possible some increase in mission work.

The Sunday school reported $1,273 for current expense, and $3,935 for benevolences, with a surplus of $2,300 for the equipment of the new hospital addition to be built for Dr. Hoffman in Meshed Persia.

The total benevolences for the regular congregation amounted to $16,748.

All the missionary societies reported good amounts in addition to the above for such purposes as they had seen worthy.

The current expense fund amounted to $22,315. The treasurer reported all bills paid, and a large surplus in the treasury. The surplus is to be used this summer in making some necessary improvements about the church property.

Thus the total income for all purposes thru the congregation, Bible school and Missionary organizations is more than $47,000.

Officers elected for the coming year were as follows:

Treasurer—Miss Jennie L. Morgan.
Secretary—George C. White.

Amazing what this simple change in diet can accomplish!

Make the personal health test and prove it!

THIS health test isn't for sick people. It is for people who, like yourself, are outwardly well. People who are carrying on their daily work, yet who, for some strange reason, have lost some of the joy in living that should be theirs. Some of them don't sleep as they should. Some are irritable and depressed when they should be happy. Some suffer from headaches and indigestion.

Make this simple change in diet: Give up caffein—let Postum be your mealtime drink for thirty days! Then measure your physical gains! See how soundly you sleep! See how refreshed and alert you are in the morning! No more restless nights, no more draggy, headachy days! You'll feel worlds better!

A delicious drink, too!

You'll lose nothing in mealtime enjoyment by changing to Postum. Instead, you'll find it a hot, hearty drink with a rich, distinctive flavor—a flavor millions prefer to that of any other drink.

Your grocer has Postum in two forms—Instant Postum, made instantly in the cup, and Postum Cereal, prepared by boiling. Both are the same delightful drink—made of roasted whole wheat and bran. No trace of any artificial stimulant in them! Both cost much less than most other mealtime drinks. Order today—start the 30-day test!

School Girls Hurt While Making Tour Of Washington, D. C.

Scaffold At Washington Cathedral Collapses; Girls Fall To Ground

(International News Service)

WASHINGTON, April 10. — The Easter vacation trip of a dozen Ohio high school girls was marred today by the injuries received when a wooden platform at the Washington Cathedral collapsed under their weight and threw them into a struggling heap fifteen feet below.

Eleven of them were still in the hospital today suffering from severe, but not fatal injuries.

All the girls are 16 and 17 years of age, and are students at the Whitehouse High School.

They had been inspecting the Cathedral, where lies the body of Woodrow Wilson and other notables, and had gone to a new part of the structure not yet completed, for a better view, they scrambled upon an old wooden platform used by workmen. It collapsed under their weight. All were rushed to the hospital in automobiles.

Bishop Freeman and ex-Senator George W. Pepper, chairman of the executive committee of the Cathedral, both expressed regret over the accident. Bishop Freeman went to the hospital this morning to see the injured.

Bremen May Soon Start On Flight Across Atlantic

(International News Service)

DUBLIN April 10.—The time of the take-off of the Junkers monoplane Bremen on its trans-Atlantic flight was still a matter of conjecture today. Although weather conditions were reported to be somewhat more favorable, the fliers appear determined to take no chances and made no announcement of an impending departure.

Rescue Mission Program Of Week

A fine Easter service program was rendered Sunday afternoon at the City Mission when the children of the Sunday school carried out an exceptionally fine program in keeping with the day. F. E. Welker of the Welker Green House donated about thirty-five beautiful lilies which made the decorations of the mission very beautiful. These lilies were given after the program to several of the children who took them home to their mothers, to the sick, etc.

Wednesday evening the congregation of the Emmanuel Evangelistic Association will be present at the service of the City Mission, 17 South Mercer street, beginning at 7:30. The service will be in the nature of a song, testimony, and prayer service.

Thursday evening the usual Bible class study will be conducted with Frank Geiger teaching the lesson.

Mumps Are Leading Mercer Diseases

Lowest Number Of Cases Of Communicable Diseases Are Reported This Week

MERCER, Pa., April 10.—The lowest number of cases of communicable disease reported in Mercer county for some weeks is that of the week ending today.

The list totals 24 cases of which 12 are Mumps, 6 Scarlet Fever, 3 Tuberculosis, one each of Chickenpox, Erisipelas and Impetigo.

LET'S TAKE TIME—

To keep acquainted with our children even if we have to drop a lodge.

To get the facts before we condemn a man with a good reputation.

To be courteous even when we have to turn folks down.

To make our home a success even if we have to take time away from business.

To grow a soul even if the crops have to wait a little.

To find out where we are going before we start somewhere.

To get ready for the better job before the opening comes.

Some people look just one direction at rail crossin's an' see nothin', some look both ways an' see nothin' an' most of 'em don't look atall an' see nothin' 'till it's too late.

How To Achieve Beauty

By MME. HELENE RUBINSTEIN
Noted Beauty Expert

For reducing the hips and abdomen: Sit on the floor, feet stretched directly in front. Very Slowly, without touching your hands to the floor, lie down.

Reducing Rhythmics for the Waist and Diaphragm.

Among the first the worst and the easiest places to accumulate fat is the waist stomach and diaphram.

There is a general and incorrect supposition that the actual food we eat, which naturally deposits in the stomach is to blame for this. Remember that while undoubtedly a diet is a very excellent thing if you keep your body sufficiently active you needn't order by the caleory. Of course you must use common sense.

The average woman today doesn't spend much time or effort on exercise. A half hour's exercise isn't going to burn up three hearty meals with sodas and candy in between . That isn't logical, is it?

However today we're going to suppose that those dreadfully unused waist aud diaphragm muscles have paid the penalty of neglect and are well padded with layers of flabby hard-to-get-rid-of flesh. Your exercise is to be concentrated on the stomach for a time until you normalize your figure.

For the first Rhythmic—open your window top and bottom, be sure that you have absolute freedom of movement and begin:

Step forward with the right foot, bend the right knee, slowly bringing the left foot forward. Swing the weight of your body on the left foot and bring the right foot up to the left on the count of three.

Second exercise: Stand perfectly erect, bend at the waist, then bend the knees, doubling up in something of a jacknife bend. Then throw the body up in a quick movement. After four of these exercises continue another four times but make the movement of your body very slow when you unbend at the waist.

After a week's ,practice plan this exercise 16 times, eight times with quick movement and eight times very slowly and deliberately.

Now for the important floor exercises: Sit down on the floor. Slowly bend your body backward until your head touches the floor. Then raise your legs to a vertical position. This also is a slow exercise.

Sit on the floor, feet stretched directly in front. Very slowly without touching your hands to the floor, lie down. First try this in four counts, then six, finally in eight. All of these exercises are to be done to music.

I have explained the importance of training your body to spontaneous rhythmic action and I can assure you that with the inspiration of evenly marked beats to guide your action you will find the exercises far less difficult than you would otherwise.

By the time you have mastered this first set of Rhythmics your waist will most probably be decidedly less than it was when you started!

TWO ARE INJURED IN AUTO CRASH

WAYNESBURG, Pa., April 10.—W. D. Thompson, store manager for the Crucible Coal Company at Crucible, and his wife, Elizabeth Thompson, are in the Chambersburg Hospital as a result of injuries sustained when their car went off the road near Chambersburg yesterday. Both are believed to be suffering from serious injuries. A daughter Florence Thompson, and Miss Ferne McCracken, teacher of English in the Carmichaels High school, were also passengers in the car, but escaped with minor hurts. The accident occurred when the Thompson car skidded on a steep mountain grade near Chambersburg and overturned when it left the road.

City Not To Press Pole Removal Claim

City Cannot Give Testimony That Poles Were Ordered Removed

Solicitor Robert White today advised the city to drop its claim against the received of the Citizens Telephone company for removal of poles, and councilmen during their formal meeting today agreed to his proposal.

White said that at No. 2 term of 1924 Equity court, Rice vs. Citizens Telephone company the court allowed rent as a preferred claim and licenses but did not allow a claim for removing poles.

He said he had filed exceptions and would take further steps necessary if council decreed but said he would find it hard for the city as no one could definitely give testimony saying the city had ordered removal of the poles.

It would seem advisable White said that the city would withdraw its claim for the removal and council coincided with White.

Split Insurance Among Agencies

City To Carry Accident And Public Liability On Equipment

Council today decided to split insurance on city owned motor apparatus between five firms instead of awarding a contract to one firm. The city will carry $10,000, accident and $40,000, public liability. The insurance was awarded to the Cole-Reid agency, Yarnock-Robingson agency, E. F. Connelly, James Rocks and John Nothdurft.

Each of the agencies or insurance men will cover certain pieces of equipment.

The approximate cost has not yet been made known by city hall employes but will within a day or so.

State Health Secretary Speaks of Vacations

"The time is almost here when the subject of the summer vacation will be seriously discussed," said Dr. Theodore B. Appel, secretary of health, today.

"And while it is an admirable sign of progress, for the most part, the family conference will consider the children's vacation period only. Today, fortunately, all over the country, camps for juveniles are to be found in abundance suitable to all pocketbooks and tastes. The children each year consequently are increasingly coming into their own—with sunlight, fresh air, healthful recreation, regulated food and rest magnificently generating reserve vitality and assisting nature in the miracle of developing a mature body from an immature one.

"It stands to reason, therefore, that there must be no slacking of the laudable interest on the part of parents regarding the advantages of supervised camp life for their progeny during the summer months.

Be that as it may, there is still a very important point to be considered which has not as yet by any means attained a general popularity. Too many parents argue that because they have afforded health-giving advantages to their younger children, their obligation on this subject has been completely discharged. Which is not the case. For, with the boys or girls safely in camp, their own problem remains. The difficulty is they do not consider that any problem regarding themselves exists—except the one of having a good time.

"Parents, just as much as little folk, need 'value received' from their summer vacation. Frequently they require a period of complete and healthy relaxation quite as much as do their children. And it is exactly this that they are likely not to obtain.

"The grown-ups' annual vacation should not be a chase after excitement and the adoption of fatiguing practices, but a definite quest for those things that the body most needs after the stress and strain of a year's work.

"There is a decided note of sense in applying some of the pleasant medicine of this vacation business to yourself as well as to your children. Therefore, go into conference concerning that summer vacation of yours as well as that of your children. Realize that plenty of rest, good food and the great outdoors are a combination that will do quite as much good to you as to your little ones.

"Make this year's vacation a sensible one. Put it to work for your health's sake. Take a real vacation this year instead of permitting the vacation to take you. Now is the time to plan it."

Burgess Of Slippery Rock Raises Rates On Sunday Intoxication

SLIPPERY ROCK, Pa., April 10.—Burgess George Heineman of Slippery Rock has made a pronouncement that carries consternation into the ranks of those who had planned to pass the warm Sunday days with an accompaniment of rubbing alcohol, canned heat and moonshine. No Sunday drunkenness will be tolerated in the college town and according to the burgess a Sunday drunk will receive a fine of $25 and costs when brought before him.

Bargain rates, however, will prevail throughout the remainder of the week and the Slippery Rock topers can stagger into police court assured of $5 and costs during the week. However with midnight tolled on Saturday night the rate for imbibing will automatically rise.

And yet no announcements have been made by the Slippery Rock druggists as to an increase of rates for headache removers that follow the Sunday jamboree.

Million Is Left By Joseph Seep, Late Oil Magnate

(International News Service)

MEADVILLE, Pa., April 10.—The late Joseph Seep of Titusville, Pa., nationally known oil man and purchaser of the Standard Oil interests, left an estate of $1,050,000, to be divided among eight heirs and their children, according to the will which was on file for probate here today.

The beneficiaries included Mrs. Joseph Fleming and Mrs. John Harvey, Titusville; Eugene Seep and Arthur Seep, Oil City; Herbert Seep, Erie, and Albert Seep, Denver, Colo.

The will, apparently made some time ago, left the Seep home at Titusville to Mrs. May Seep Fennessy, who died several years ago. The home will go to her four children in Greenwich, Conn.

Sinclair Jury Very Youthful

Average Age Of All Sinclair Jurors Is Not Much Over 34 Year Mark

(International News Service)

WASHINGTON, April 10.—A young jury has been selected to try Harry F. Sinclair, multi-millionaire oil magnate, for his part in the leasing of the Teapot Dome naval oil reserve. Seven of the jurors are in their "twenties" and the average age of all the jurors is but little more than 34.

The jury is composed of a steamfitter, a real estate agent, two grocers, a store manager, a salesman, a merchant, two clerks, a transfer company manager, a broker and a railroad agent.

THE TRUTH ABOUT BRAN AND CONSTIPATION

Thousands of people eat bran regularly for the healthful roughage it provides. It is a splendid practice. But be sure you are really getting *all* the roughage you need when you eat bran. Doctors say it takes 100% bran to relieve constipation. Part-bran products, at best, can only accomplish part-way results. That is why they fail!

Kellogg's ALL-BRAN *is* 100% bran. It furnishes roughage in effective quantities—and in the most effective form: cooked and krumbled. Just two tablespoonfuls daily—chronic cases, with every meal—are guaranteed to relieve constipation.

You'll like the flavor and crispness of ALL-BRAN. Serve with milk or cream. Delicious with fruits or honey added. Mix with other cereals. Sprinkle into soups. Use in cooking. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Celestial Fire-Works

By S. S. MYERS

There have been times when a faint star, or one visible only through a telescope, suddenly blazes forth with startling brilliancy, remaining bright for a few weeks or months and then gradually diminishing. Several such phenomena have been observed during the present century. Astronomers call these stars "Nova", signifying something novel or unusual.

The cause of this sudden blazing forth of a star has not been fully explained, owing to the fact that the Spectroscope (an instrument used by astronomers for measuring the density and movement of stars) reveals different nova. In some cases two lines are found in the spectrum, one bright and the other dark. The lines are not in their normal position, but are shifted in such a way as to indicate two bodies moving in different directions. This has led to the hypothesis that two stars moving swiftly in opposite directions barely missed colliding and produced tidal disturbances which led to tremendous eruptions something after the manner in which our Solar System is supposed to have been brought into existence. This theory has much to substantiate it so far as one kind of nova is concerned, but is will not account for those which the spectroscope shows to be purely of a gaseous nature.

Perhaps the solution may be found in the recent statement of Dr. J. H. Jeans, a leading British astronomer, who says that the universe is gradually running down like an unwound clock. In order to explain this hypothesis it will be necessary to take into consideration our own Solar System and its supposed final destiny:

The earth moves around the sun in an ellipse which was much greater a few million years ago than it is today, and it will continue to grow less until it finally becomes a circle. That is also true of all the other planets. The attraction of the sun is gradually bringing the ellipses more and more into complete circles.

Now, it is a well established scientific fact that the only thing that prevants the planets from falling into the sun is their movement around that body. If they were to slow up in their revolution they would be drawn nearer to it. If they were to stop revolving around the sun they would fall into it. If the gravitational pull of the sun should be withdrawn they would all fly off into space.

It is also a scientific fact that every planet has a gravitational pull on every other planet, but the sun has the greatest pull of all. The moon at one time rotated on its axis more swiftly than it does now, but the pull of the earth gradually retarded its rotation until now its heaviest, or elongated side is always turned, or held toward the earth, causing it to rotate on its axis only once in 27 days. On the other hand, the moon also has a gravitational pull on the earth as evidenced by the ocean tides. These tides sweeping against the continents have a tendency to retard the rotation of the earth. But this action is so slow that we cannot notice it in the lengthening of the days as it amounts to only the fractional part of a second in a century. Nevertheless this retarding process is going on, not only with the earth, but throughout the entire solar system, and the time will come, perhaps a few billion years hence, when the entire solar system will wind up on the sun. The impact of the colliding bodies will produce a conflagration that will vaporize the entire mass, spreading it out through space, and the inhabitants of distant worlds will witness another nova, such as we now see occasionally in the far off heavens.

Then, when the "heavens have been rolled together as a scroll", the sun having taken back to its bosom the planets it gave out millions of years ago, and the entire fiery vaporous mass has again condensed into a sun living all alone, perhaps another wandering star may pass by and cause a tidal eruption resulting in a new solar system. Perhaps St. John had a vision of this while a prisoner on the Island of Patmos surrounded by the far reaching waters of the sea, when he recorded in Revelations 21:1:

"For I saw a new heaven and a new earth; for the first heaven and the first earth were passed away; and there was no more sea."

Another thing the path of glory leads to in this banqueting country is dyspepsia.

Appomattox Day Well Observed

Ladies Of G. A. R. In Charge Of Anniversary Event

AGED VETERANS GUESTS OF HONOR

Annual observance of the anniversary of the surrender of General Robert E. Lee and his Confederate forces to General U. S. Grant at Appomatox Court House, Va., which marked the close of Civil war between the North and South, on Monday afternoon, took the form of a dinner and entertainment held in the Sons of Union Veterans Hall in the City Building under the auspices of George W. McCracken Circle No. 168, Ladies of the Grand Army of the Republic.

In many ways, it was the most successful of such events ever held by that organization, there being approximately one hundred persons in attendance, including eight veterans of the Civil war, and a number of special guests, including members of the Ladies of the G. A. R. from Ellwood City, Judge and Mrs. James A. Chambers, Mayor and Mrs. William H. Gillespie, Mr. and Mrs. Fred L. Rentz and others.

Aged Veterans Present

The event was unique in the fact that among the eight survivors of the Civil War, all men past eighty years of age, there were three, at least, who were present at Appomattox Court House, in the forces of Grant, when Lee surrendered. M. H. Alexander, who admitted to being in his eighty-seventh year, was the oldest veteran of the Civil war present and was presented with bouquet of flowers.

The dinner was inaugurated with the singing of the doxology. After the serving of a sumptuous meal, the tables were cleared from the room and the program of the occasion was presented, with Mrs. Minnie Mayers, president of McCracken Circle presiding.

Mr. Rentz Speaks

Fred L. Rentz was the first speaker of the occasion. He said among other things that he "considered it a privilege to be present and associated with those sponsoring such an event. In the more than sixty years, that I have been a resident of New Castle, I have been associated with the men who fought for the preservation of the Union, their wives and their children. If there is anything that is good in me, I attribute it largely to this association with these people. They, the veterans of the Civil war, have done more than any other group of people, for this great country of ours and their influence for decency has made the country what it is today. There are many other lands that have copied after this country of ours and only those, which followed the example of these men who preserved the Union, have made much of a success. Those which did not do so, have not made much of a success in their affairs. This year, the absence of David P. Needler, who is sick, as last year, when I missed my good friend J. R. Balph, causes me sadness. I am glad of the opportunity afforded me to pay some little tribute to those men, who ever ready in the defense of their country, preserved it for us, that we may live on in security, due to their sacrifice and my only wish is that the present survivors, may be left to us for many years to come.

Drill Is Presented

Those present were then given a treat in the shape of a drill by the drill team of the Daughters of Veterans, who dressed in white and beautiful scarfs of red, white and blue, went through some wonderful evolutions on the spacious floor of the hall with a precision that brought forth constant and generous applause.

Mayor Gillespie was then called upon and responded with a tribute to the veterans of the Civil war, declaring that it was their bravery in the past, that gave us our present sense of security and made our nation what it is.

Mrs. James L. Goodwill of the Ellwood City Circle, was then called upon and gave two interesting readings, including one on Barbara Fritschie.

Mrs. Sara Dana Falls Davis then sang "The Old Folks at Home", the audience accompanying her in the chorus. This was followed by a brief address by H. K. Bell. Mrs. Margaret Foster, then followed with a recitation in keeping with the occasion observed.

C. B. Hamilton and Commander David Clark of the G. A. R. were then called upon as were Mrs. Charles Boggs, Miss Anna Henderson, president, and Mrs. Harvey Aiken, of the Ellwood City G. A. R. Ladies.

Then one of the most interesting features of the program occurred, when Mrs. R. C. McKay of Sharon, organizer of McCracken Circle, was introduced and gave a very inspiring patriotic message to those in attendance.

Mrs. Robert Grandey and Mrs. John Brenneman of the Ellwood City Circle were then heard. Others then heard were James Hasson of Fayette county, a veteran of the Civil war, who is making his home with his son, Frank Hasson of Carson street, and Thomas D. Wilson.

The concluding act of the assemblage was to extend to the ladies of the G. A. R. a vote of thanks for the dinner and entertainment provided. This was done at the suggestion of C. B. Hamilton, one of the veterans present.

The meeting was brought to a close with the singing of "God Be With You Until We Meet Again."

The veterans in attendance were Thomas D. Wilson, A. R. Kerr, Commander David Clark of the G. A. R., M. H. Alexander, Wilson Davis, C. B. Hamilton, James Elder and James Hasson.

Committees in charge of the very successful event were as follows: Dining room—Mrs. Daisy Mitchell, chairlady, Mrs. Jennie Crooks, Mrs. Jessie Main, Mrs. Etta Welsh, Mrs. Blanch Boston, Mrs. Carrie Heitzmann, Mrs. Alice Jackson, Mrs. Nora Gallagher, and Mrs. Zella George; Kitchen Committee—Mrs. Minnie Mayers, chairlady, Mrs. Margaret Hammond, Mrs. Margaret Brooks, Mrs. Margaret Harkless and Mrs. Martha Locke.

At the affair were three sisters, two of whom are over eighty years of age. They have long been active in the affairs of the Ladies of the G. A. R. They were Mrs. Hannah Waddington, aged 84, Mrs. Anne McFarland, aged 81, and Mrs. S. R. Kerr, aged 77.

BOY SCOUT Activities

Present Handbooks

Three boy scouts handbooks were presented to city and county officials Monday, to commemorate the opening of the National Boy Scout council. At the same time, a hand book was presented to President Coolidge.

Eagle Scout Jack Stevenson of Troop 18, presented the book to Mayor William H. Gillespie. Eagle Scout James Metzler of Troop 1, presented the book to the Hon. R. L. Hildebrand, and Eagle Scout Joseph Pearson of Troop 1, gave the handbook to the Hon. James A. Chambers.

Card of Thanks

We wish to thank the friends and neighbors, the members of the P. H. C., N. B. O. P., also the employes of the Shenango Pottery and singers for the beautiful flowers and cars donated, also for kindness and sympathy extended during the illness and death of our beloved husband and son.

Festival Chorus Members Have Dinner Celebration

When a musician tosses his dignity to one side he does it with more than usual abandon. Dignity and music as a rule are handmaidens of each other, but when the two are divorced, the result is pleasantlychaotic.

That thing happened Monday evening in the Y. W. C. A. when the Festival Chorus held a dinner and funfest. The party had been promised since before the night of the concert when the chorus presented its memorable concert in the Scottish Rite Cathedral. It was said at the time that on the night of the party there would be such an affair, and warnings were issued that no dignity would be permitted.

It Wasn't

Paul Browne Patterson, conductor of the chorus held fast in his promise. There wasn't any more dignity at the party Monday night than there is music in a lead casting. Inhibitions were cut away, and everybody set himself for a good time. And they all had it.

First of all there was a dinner in the gymnasium of the Y. W. C. A., and this was as quiet as a boilermakers convention. Salads were mixed freely with harmonies, and mashed potatoes tangled with part singing. Following the dinner the crowd, about 300 in number went to the auditorium of the Y. W. and the real fun of the evening started.

The program was one of stunts. Various parts of the county presented stunts, the first one being "The Old Family Album" by the Wampum singers, headed by Mrs. Chester Morrow. If you can recall those pictures of the "Gay Nineties" when Uncle Abner and Aunt Hepzibah were considered the cutups of the village, or when dundreary whiskers were considered part of what well dressed young men would wear, you can picture that album. The costumes looked as though they had stepped directly from 1891 and the expression of the faces of the actors was dumb enough to elicit laughter from a chronic dyspeptic. There never was any question where first prize went, Wampum just covered itself with glory.

Mrs. Clements followed as "The Little Irish Rose." Her costume was a replica of an old time Irish belle and she sang "My Wild Irish Rose."

The North Hill Tin Pan Parade followed. This was a kazoo orchestra directed by Mrs. Rachael Reynolds and the symphonies resulting drew a big hand.

Solandbill followed. This act was a duo, composed of Sol Davies and Bill Johns and they presented a sailor's hornpipe. It was so realistic that one could almost smell the ocean on their coats. Bill Johns followed with a learned discourse on married life, which probably drew him a penalty of five yards for offside play when he got home. But whether he did or not, his monologue was amusing. Sol Davies came on then with a tap dance the steps of which were executed with all the grace and aplomb of a Pat Rooney.

Glee Club Splendid

Many of the members of the New Castle Glee Society belong to the Festival Chorus and this group presented two glee numbers. The first was that rollicking Sailors Chorus and the second was a humorous number which was made famous by George Muse, "Elizabah." Both numbers were well done as usual.

Little Miss June Sherrard of Edenburg then presented two recitations, and Russell and Oliver Hofmeister of Edenburg put on a parody skit entitled "Our Chorus." Friendly jibes at the members of the chorus brought plenty of laughter. Mrs. H. E. Helling and Mrs. Thompson of Ellwood City closed the program with a telephone skit demonstrating the "Go-Getters" methods used in Ellwood City to sell tickets. The judges then awarded first prize to Wampum, second to Sol and Bill, third to the North Hill Tin Pan Parade, and fourth to the Hofmeister boys from Edenburg. Director Paul Browne Patterson acted as the chairman of the program.

It was an interesting affair, and demonstrated that the musicians of the Festival Chorus have time for some of the lighter things of life, and also showed the versatility of the chorus. Another such meeting will be held within the next two or three months.

Arrest Suspect In Cutting Affair

Mike Zipetelli, said by the police to be wanted for the cutting of Dominick DeCerbo on Sunday night during a dispute at the DeCerbo home over a board bill, was arrested last night by Lieutenant Hillers and Detective John Young.

He was taken to the office of Alderman O. H. P. Green this morning, where a charge of operating a motor vehicle while under the influence of liquor, was made against him by Chief of Police C. C. Horner.

He will be given a hearing later and as soon as Mr. DeCerbo recovers. Zipetelli is said by the police to have admitted cutting DeCerbo on the leg, within a short time after he was apprehended.

Mr. DeCerbo is in the New Castle hospital suffering considerably from the wound sustained.

Drunken Father Kills Daughter

(International News Service)

MOUNT CARMEL, Pa., April 10—Joseph Tarole 45 was held in the Northumberland county jail today on a charge of murder, after he shot and killed his eight year old daughter Rose last night.

Police said Tarole was apparently under the influence of liquor when he returned home last night. He at first threatened to shoot himself as he terrorized his four motherless daughters with a shot gun. He suddenly turned the gun towards the girls and it exploded, the full charge striking Rose in the head.

The meeting closed with the usual ceremony conducted by Scout Commissioner Dye.

Believe Mercer Folks Taken In

(Special To The News)

MERCER, Pa., April 10.—Someone in Mercer is in possession of a diamond ring which may be worth $1,800.00 or it may be worth nothing at all. Erie police are anxious to locate the individual but thus far he has not been found.

A week or so ago a dapper looking stranger of about 30 years, came into the village with a two carat diamond which jewelers appraised as being worth about $1800.00. He imparted the information that he had two truck loads of liquor outside the village which was being held for ransom by officers. He wanted $750.00 ransom money and offered the ring as security.

Apparently someone put up the money as the man disappeared. Erie officers now say that a diamond robbery was committed there and they wish to locate the ring in an effort to identify it as a part of the loot taken. And the stranger has disappeared.

Mrs. Fleming To Head Schubert Committee Here

A committee representative of the varied interests of this city was organized today to constitute the Schubert Centennial committee of New Castle.

The officers and personnel of this committee are as follows: Chairman, Mrs. Robert E. Fleming; secretary, Mrs. Irving C. Brown; Miss Helen Allen, Miss Mary Clark, Miss Kathryn Nessle, Miss Ruth Drescher and Mrs. Howard Platt Meehan.

The committee is affiliated with the National Advisory body of the Schubert centennial of which Otto H. Kahn is chairman comprising 250 leading artists, educators and civic leaders as well as branches in 16 foreign countries.

The Schubert Centennial celebration will center in community agencies as a supplement to the tribute to be paid by musical organizations.

Schools, colleges, clubs and industries will participate in order to show the growth of musical appreciation in this country and in this city and also as evidence that music has become an integral part of alert citizenship.

Decree Against Hamilton Handed Down By State

(International News Service)

PHILADELPHIA, April 10.—The state supreme court today handed down a decree setting aside the action of the Dauphin county court which issued a mandamus ordering Charles Johnson, secretary of the commonwealth, to accept the nomination petition of William Hamilton as a candidate for state senator from Erie county.

An opinion in the case will be filed later.

The secretary refused to accept Hamilton's petition or certify his name to the county commissioners of Erie county because a number of signers failed to write the date in signing the petition.

Hamilton appealed to the Dauphin county court, which issued the order compelling the secretary to accept his petitions and certify Hamilton's name to the county commissioners. Johnson then appealed the decision to the higher court.

Central Church Annual Meeting

Trustees And Music Committee Elected At Business Session Monday Evening

J. N. McCandless, L. A. Campbell and A. Sharp Leslie were re-elected trustees at the annual congregational meeting of the Central Presbyterian church Monday evening.

Music committee named included Mrs. George W. Conway, Harvey Bush, Miss Ethel Moore, Mrs. Ben Jenkins and J. G. Leslie.

Reports of the various organizations were given and were most encouraging and showed that all societies had met their obligations with a substantial balance in the treasury.

The church attendance has been excellent during the year and many accessions have been made to the church membership.

Six Year Old Girl Sings Welsh Hymn

An interesting program was given Sunday evening at the Emmanuel Baptist church by the children of the Sunday school under the supervision of Charles Richards, choir director of the church.

One of the outstanding features was the singing of a Welsh hymn by little Elvira Bluedorn, aged 6 years. She possesses a beautiful little soprano voice and her singing Sunday evening was considered a rare treat by all so fortunate as to hear her. She is the daughter of Mr. and Mrs. William Bluedorn of East Long avenue. Mrs. Bluedorn is a member of the Emmanuel Baptist choir and is herself the possessor of a beautiful rich soprano voice.

Corns
Relief in one minute

In *one minute*—that's how quick you get relief from corn pain when you apply Dr. Scholl's Zino-pads. For Zino-pads *remove the cause*—friction and pressure of shoes. If applied at the first sign of irritation caused by tight shoes, they *positively prevent corns.*

Powerful liquids or caustic plasters don't keep corns from coming back again—often cause acid burn on the toes. Zino-pads won't harm the tenderest skin. Thin, protective, healing. At all drug, shoe and dept. stores—35c per package.

Prince Of Wales Tumbles Twice In English Handicap

Total Equestrian Tumbles For Prince Of Wales Now Totals 28

(International News Service)

LONDON, April 10.—The prince of Wales was thrown from his horse twice today while riding in a point to point race, but remounted each time and finished fourth. The prince was not hurt, and made a strong finish despite the handicap which he suffered by being dismounted.

The event was the High Peak Hunt race, held near Buxton. The prince was mounted on "Miss Gris".

The prince's two falls today brought the total of his equestrian tumbles to 28, ten of them taking place this year.

One of his best years was 1925 when he was thrown only once. Despite his numerous falls and his narrow escapes from serious injury the prince shows no inclination to give up racing or riding to the hounds.

Make Charge Against Driver

Numerous complaints were registered with the police last night concerning two men, whom it was stated, were drunk, who were operating an automobile in a reckless manner in the South Side district of the city.

Officers Samuels and Richards and Detective Logan found on investigation that the car was being operated by H. J. Barrett, said to be from Erie and Youngstown, O. When apprehended Barrett was found to be somewhat under the influence of liquor.

This morning Barrett was taken before Alderman J. Lee Cooper, where a charge of operating a motor vehicle while under the influence of liquor was made against him by Chief of Police C. C. Horner.

Wampum Theatre Damaged By Fire

Believed To Have Started Around Heating Apparatus

WAMPUM, Pa., April 10.—A near serious fire occurred Monday afternoon about 2:30 o'clock in the Wampum theater, which is operated by Emil Alphonso. It apparently started around the heating apparatus, located in the back or stage part of the theater. The loss will probably run into several hundreds of dollars.

When the alarm was spread, and while the local fire apparatus was en route, C. L. Repman dashed into the burning building with a chemical fire extinguisher. He played this on the fire until the firemen arrived. He is said to have had the fire fairly well under control when aid arrived.

Miller May Get Inquiry Summons In Big Oil Probe

Senate Committee Considers Calling Of Former Alien Property Custodian

(International News Service)

WASHINGTON, April 10.—The question of summoning Thomas W. Miller, former alien property custodian now under sentence for conspiring to defraud the government, as a witness in the senate oil inquiry is under consideration today by the Senate Public Lands committee.

The committee has refrained from calling Miller, pending action by the supreme court on his appeal for a review of his conviction. With the high court denying Miller's appeal, members of the committee favored calling him at once even though by a previous decision, all hearings were postponed until after the end of the conspiracy trial of Harry F. Sinclair.

Miller will be questioned, when he does take the stand, about the Continental Trading company's $3,080,000 Liberty Bond "Slush Fund" and the portion of it which Sinclair used to liquidate debts of the Republican National committee in 1923. Reports have reached the Senate that Miller handled some of these bonds for the Republican National committee.

Ask Congress To Subordinate Lien Held On Austria

(International News Service)

WASHINGTON, April 10.—The treasury department today requested congress to subordinate the U. S. government's lien on Austria to permit that nation to float a new $100,000,000 loan here for rehabilitation of railway and telegraph lines.

Under Secretary of Treasury Ogden Mills, who explained the treasury's position to the house ways and means committee, said that the United States now holds a lien on Austrian revenues to secure advances made in 1921 in food stuffs and cash to the extent of $24,055,708. These advances, he declared, were made to prevent starvation of the Austrian people.

Summon Miller In Bond Probe

(International News Service)

WASHINGTON, April 10.—Thomas W. Miller, former alien property custodian now under a jail sentence for conspiring to defraud the government, was subpoenaed today by the Senate Teapot Dome committee in its search for traces of the Continental Trading Company's $3,080,000 Liberty Bond "Slush Fund."

K. C. Gangs Raid And Rob City's Cabaret Places

By JOHN L. McKEE
International News Service Staff Correspondent

KANSAS CITY, Mo. April 10.—Cabarets and alleged "soft drink" palaces are the latest victims of gangs from Kansas City's underworld. Three such places have been completely "sacked" by robbers in the last few days.

"It's just like a band of bandits holding up a gang of robbers," one police official asserted. "The hold-up men are aware that most of these houses sell all kinds of liquor, run gambling games, and other devices, all operating outside of the law." They likewise know there is little possibility that the operator will call for help from police when he is liable to be arrested himself. The majority of the patrons of such dives will not report their losses as they want the affair hushed up."

Profits To Bandits

These places offer the greatest profit to the bandit, at the least risk of getting caught, Chief William A. Shreeve, of Kansas City police department, believes. "All efforts to arrest anyone in connection with such robberies and obtain positive identification of them afterwards, is almost always futile," Chief Shreeve stated.

The raids, usually made between midnight and dawn when the places are at the height of their rush, often net the plunderers thousands of dollars, for in recent cases several hundred persons were searched, it was said. And because of the fact that many of the victims are girls from prominent families, or husbands accompanied by someone other than their wives, they are not prone to make complaint about the incident fearing notoriety.

In one instance, the bandits were so sure of their ground that while one stood guard over the victims lined against a wall the others broke open "slot machines" and deliberately collected all of the nickels, dimes and quarters that had been played in them. Then searched the customers taking their jewelry and pocket-books, and all of the proprietor's funds.

Rich Victims

Still another method of extracting loot from those who habituate the post prohibition haunts has come to light here recently. In this procedure bandits pick a wealthy customer, usually a prominent business man, and kidnap him as he makes his exit from a "dive." His closest associates are informed they will have to pay a handsome reward for his freedom.

This is most usually given, as the victim's friends, cognizant of the situation under which he was captured, are afraid to enlist the aid of the authorities, in apprehending the kidnappers. Several such cases have been strongly intimated recently and in one it was rumored that a $40,000 ransom was paid.

When Children Complain

Children are naturally happy and playful and when they complain of headache or dizziness, are cross and feverish, restless at night, have bad dreams and no "pep" for play, it is a sure sign of an upset stomach that can be quickly remedied if you give them

MOTHER GRAY'S SWEET POWDERS

They act quickly and gently on the bowels, relieve constipation, cleanse the stomach and sweeten the feverish breath. They break up colds and act as a tonic to the whole system. Children like to take them. This safe and pleasant remedy has been used by mothers for over 30 years. Mother Gray's Sweet Powders are sold by all druggists; accept no substitute.

NO-TIP BARBER SHOP WRECKED BY UNION MEN

(International News Service)

CHICAGO, April 10.—J. Beels a barber, believes in giving his customers their money's worth without the stimulus of a tip, and so advertised his "no-tip" shop. The no-tip plan came to the attention of the "educational committee" of the barbers' union, and a wrecking crew visited the shop.

Four chairs were ripped to splinters three large plate glass mirrors and windows broken, and bottles of toilet water and other preparations were smashed against the walls.

Special Envelopes Used For Air Mail

Department Will Make No Issue But May Be Printed Without Restriction

To facilitate the handling of mail matter to be carried by airplanes the post office department has given approval of the use of a distinctive type.

The envelope approved has the chief distinction of a border of alternating red and blue parallelograms with spaces between. These are to be printed on both the address side and the back of the envelope. Also the envelopes must bear the words "Via Air Mail" in the upper right portion just below the space for the stamps and post marks, and above the address.

The Post Office Department will not furnish these envelopes but anyone may print them for their use or the use of others without any restriction. But this type of envelopes must be used for air mail only.

Not only will these distinctive envelopes help in the handling or distribution of the mail but on account of the color they will be readily recognized in packages of mail and in the distribution cases and thus will assure of more prompt and special service that air mail should have.

Local Boys Make Good In Music

Several New Castle Boys Playing With Different Orchestras

Karleton Brown, son of Mr. and Mrs. George Brown of Croton avenue, left Friday for Pittsburgh, where he will join Virg Moorr's Jazz Collegians of Cleveland, who left Saturday for a six months' engagement in North Carolina.

Chester Garwig, a drummer, and Joe Ferry, trombonist, are already with the Collegians. "Bus" Brown, as he is called, was formerly a student of the New Castle senior high school and a member of the band and orchestra. He has played with almost every band and orchestra of the city and has gained a reputation as a musician.

Among other local boys who are in organizations are Steve Duda, saxophone player, who leaves soon for Gary, Ind., to join Eli Phillips, saxophone and banjo player of that city, who has been playing around Chicago for the past few months.

Physicians Advise Hemo-Liver for Thin-Blooded Folks

Full of the Newly Discovered Vital Element or Red Blood-Making Vitamines Extracted From Beef Liver.

Not a Patent Medicine

The name of the new product that is doing so much for weak anemic people is Hemo-Liver and it can now be obtained from any druggist who keeps abreast of the times, with the distinct understanding that if one bottle doesn't improve your health wonderfully—the purchase be returned.

A big 12-ounce bottle of Hemo-Liver lasts eight days and one tablespoonful is a dose and as one Doctor remarked "You'll have to eat a lot of liver before you get as much of the red blood making elements as you get in one tablespoonful of Hemo-Liver."

"Men and women who are suffering from lowered vitality, general weakness, overwork, nervous breakdown or anemia can put their faith in Hemo-Liver. For feeble old people, girls 13 to 18 and in convalescence it won't fail. It strengthens the nerves, increases the red blood cells, promotes health and rebuilds energy so quickly that often physicians are astonished."

Unstable Sewer Lid Is Basis Of Suit Against City

Mr. And Mrs. William Keith File Suit Against City For $10,000 Damages

Mrs. Florence I. Keith and William Keith, her husband, have filed a suit against the city of New Castle for damages for injuries sustained by Mrs. Keith when she fell into a sewer opening on the west side of South Mill street in front of the Ivor Davis property between Reynolds and Phillips streets.

It is alleged that the sewer lid, which was in the middle of the sidewalk, was not stationary, but tilted when Mrs. Keith stepped on it. Her right leg went into the opening and she had to have assistance to be extricated. Her leg was badly bruised and she suffered from shock. Negligence on the part of the city in allowing the lid to be in such a condition that it would tilt is alleged. Mrs. Keith asks for $8,000 damages and Mr. Keith for $2,000.

Blocks Missing, Council Learns

City Must Give Attention To Gardner Avenue Viaduct

Inspector Henry Dysart, legal department of the city has advised Solicitor White that missing wooden paving blocks in the Gardner avenue viaduct are apt to bring a damage suit to the city.

As a result council today instructed City Engineer Miller to make a report and recommendation as to how best to alleviate the condition.

Several four inch blocks are missing.

Councilman Davies also stated that the viaduct railing will need attention on account of rust.

The city must maintain that part of the viaduct that is situated above the river.

GET RID OF CATARRH QUICK

World's Tonic, the Systemic Treatment Quickly Heals the Sores, Sweetens the Horrible Breath and Cleanses the System of Catarrhal Impurities.

Recently a Columbus woman was visiting friends in Dayton where she read a great deal in the newspapers about the wonderful systemic treatment for Catarrh, World's Tonic, so she went to see the World's Tonic man who was at a prominent drug store there and learned from him about some of the wonderful recoveries that had been reported to him by users of this now famous treatment.

Her own recovery was so remarkable that we believe our readers, and especially those suffering from Catarrh, will be greatly interested in her story.

"I suffered from catarrh of the stomach and bladder for years," she said, telling it to the World's Tonic man, after she had taken a course of treatment.

"My catarrh was so bad that I thought I had cancer of the stomach. I spit up great clots of mucus, vomited often, couldn't digest properly even the lightest of foods, lost flesh constantly, suffered intensely from an inflamed bladder and was practically a confirmed invalid. After hearing of World's Tonic, I bought two bottles. The results were amazing. My husband went back to the drug store and bought six more. I have taken five altogether now. The vomiting has ceased, my bladder does not trouble me, I can eat and digest my food without difficulty and am gaining in weight again."

Anyone suffering from catarrh in any form should use World's Tonic at once. The price is reasonable.

Sold by Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc. and all other good druggists. (252)

HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

"Buffalo Bill's Wild West"

AMONG HIS OTHER ACTIVITIES, BUFFALO BILL ACTED AS A CONDUCTOR OF BUFFALO HUNTS FOR WEALTHY EASTERN SPORTSMEN. ONE OF HIS MOST DISTINGUISHED VISITORS WAS THE GRAND DUKE ALEXIS OF RUSSIA.

WHEN THE VICTORY OF CIVILIZATION WAS COMPLETE AND THE "WILD WEST" HAD BECOME A THING OF THE PAST, BUFFALO BILL WENT ON THE STAGE WITH SOME OF HIS OLD COMRADES AND A FEW INDIANS. FOR FIVE YEARS HE TOURED THE COUNTRY WITH A PLAY CALLED "A SCOUT OF THE PLAINS."

FROM THIS PLAY GREW "BUFFALO BILL'S WILD WEST SHOW," AN OPEN-AIR PERFORMANCE PRESENTING INDIAN FIGHTS, "BRONCO-BUSTING" AND OTHER PHASES OF THE LAST FRONTIER. WITH THIS SHOW, WHICH MANY READERS WILL REMEMBER, HE VISITED EUROPE AND TOURED THE UNITED STATES FOR MANY YEARS.

AT HIS DEATH AMERICANS LOST AN INTERESTING LINK WITH THE PAST. BUFFALO BILL WILL ALWAYS BE REMEMBERED AS A HEROIC FIGURE, SYMBOLIZING THE SPIRIT OF THE OLD WEST.

FIVE BATTLES AT OLD ARMORY TONIGHT

Warm Weather To Bring Out Crowd

Billy Sunday Hopes To Install Himself As Favorite Here By Beating Frankie Rio; Knockout May Occur In Conrad-Hanlon Bout; Johnny Rini And Young McManos, New Faces To Appear In Another Battle; Elmo And Jack Fink To Be Welcomed Back Into Ring, While "Lulu" Will Test His Punch With Mickie George Of The South Side

Frankie Rio, ghostlike featherweight of Cleveland, and Billy Sunday, rubber boy of Akron, are in the pink of condition for a six-round feature bout tonight at the Old Armory, and with warming breezes sweeping o'er the city it is probable that the Old Armory will be the mecca for the pugilistic inclined.

According to word which has reached here from Akron, the rubber boy has been training like a Trojan for tonight's battle and realizes that a victory over the clever Clevelander would install him as a favorite, not only here, but also in Toledo, Cleveland, Cincinnati and other cities where Rio is a popular pugilist.

Rio has milled here a half dozen times and he has not furnished a poor spectacle in any of the battles which augurs well for the clash with Sunday. He has outpointed some and knocked out others, but Sunday has let it be known that Frankie will not find easy pickings when he climbs into the ring tonight.

Expect Big Crowd

The fans, prone to rush through the turnstiles whenever the Cleveland lad has been booked, will probably turn their eyes again toward the Old Armory, as Sunday may be the most capable opponent he has met so far this season, and with the indoor boxing season about due for a six months' retirement, the Old Armory should be crowded.

While Rio and Sunday are carded as the finalists, the fans should not forget that the battle between Eddie Conrad, Cleveland, and Johnny Hanlon of Akron should be as sensational, if not more than the last bout. Conrad can box, and when his hands are right, hit like a mule's kick. Hanlon can punch, is tough and aggressive.

Conrad Meets Hanlon

Conrad is one of the smartest of the younger generation and is a quick thinker. He is prone to take advantage of every break, as is Hanlon, who knocked down Jimmie Kirkpatrick four or five times in their bout at Youngstown. It would not be surprising were a knockout to end the semi-final of six sessions.

Johnny Rini, Cleveland, and Young McManos, Pittsburgh, will make their first debut at the local arena. Rini, formerly an amateur, is a tough kid, likewise McManos, and this six-round affair is apt to be an old-time slugging bee, with either likely to hit the floor. Both can punch and swing their punches from the floor.

Elmo and Fink

Elmo the Mighty and Jack Fink are scheduled to make a reappearance and with rivalry keen it is probable that punches will come from the air, floor and hips. Jack is a good left-handed battler and Elmo likes to lift a right hand to the jaw in an effort to bestow a caressing knockout. This bout should be a hardfought affair.

In the first bout of the evening Mickie George of the South Side and "Lulu" Peret of South Jefferson street will swing four rounds. Peret is probably the stiffest puncher uncovered in the preliminary ranks here, but his punch has evidently failed to feaze George, who is anxious to climb into the ring.

With five bouts carded, Bill Jolly can sit back and watch the fans take advantage of good weather and crowd the Old Armory.

All-Star Church League Quintets Appear Strong

Central Christians Draw Three Places On First Team

"Mike" Paulini and William "Bill" Woods, two well known local junior basketball stars, having been impartial witnesses to all of the church league games during the past season, have selected three all-star teams for consideration.

The first team, which finds M. Thomas, G. Lackey, E. Bauman, A. Cowmeadow and Zieve on the roster, is undoubtedly the class of the loop. Both Thomas and Lackey proved to be towers of strength to their respective teams from a scoring standpoint and individual effort. Bauman at center consistently outjumped his opponents and was a classy player all year. The selection of the guards was a difficult matter, but Cowmeadow and Zieve seemed to have the edge.

Following is the selection of the two boys:

First Team.

M. Thomas, Central Christians, forward.
G. Lackey, First Christians, forward.
E. Bauman, Central Christians, center.
A. Cowmeadow, Central Christians, guard.
Zieve, Temple Israel, guard.

Second Team.

G. Sargent, First Christians, forward.
A. Alexander, First Christians, forward.
J. Ginsberg, Temple Israel, center.
H. Harris, Central Christians, guard.
A. Plant, Temple Israel, guard.

Third Team.

W. McLaughlin, First M. E., forward.
P. Colaluca, Croton, forward.
W. Twaddle, Croton, center.
R. Brooks, First M. E., guard.
J. Solomon, Temple Israel, guard.

Coolidge Slated To Hurl Initial Baseball Today

Boston Red Sox And Washington Senators To Open 1928 Season Today

(International News Service)

WASHINGTON, April 10—The Boston Red Sox and the Washington Senators will officially open the 1928 baseball season this afternoon unless more rain falls by 3 o'clck, game time, it was announced here this morning. The weather was cold and raw, but the rain which fell all night ceased soon after 9 a. m.

Heavy tarpaulins protected the field.

Club officials admitted it was anything but baseball weather, but said that 30,000 tickets had been sold and "the fans wouldn't be disappointed."

President Coolidge is scheduled to throw out the first ball, but it was said at the White House this morning that his presence was uncertain by the inclemency of the weather.

The batteries probably will be MacFayden and Hoffman for Boston, Gaston and Tate for Washington.

SORDS POINTS

Ben Tincup, Vet Indian, Enters Tenth Year As Ace Of Louisville Colonels

The strong spirit of his Indian ancestors and something of their endurance and hardiness must have been handed down to big, broad-shouldered Ben Tincup, veteran pitcher of the Louisville Colonels.

Ben is entering his tenth season as a pitcher for the Colonels. For nine years he has labored in the American Association, a vineyard where the labor is almost as hard and the applause and pay far less than what it is in the big leagues.

In all, old Ben has 15 years of mound service. But he is far from a hasbeen. In fact, he is looked upon as one of Manager Bill Meyer's aces this spring.

Tincup was born in Oklahoma and first broke into organized baseball with Sherman of the Texas-Oklahoma Baseball League in 1913. His showing that year was so good that big league bosses were right on his trail and he was grabbed by the Phillies for a trial.

Ben stuck with the National League outfit through 1914 and 1915, but was released to Little Rock, Ark., in 1916.

In 1918, this true American put on the warpaint and joined the army. After his discharge he joined the Colonels and has been with them since.

Tennis Champs Begin Season's Practice Work

Westminster Men In Daily Workout At College Gymnasium

(Special To The News)

NEW WILMINGTON, Pa., April 10.—Westminster's tri-state conference championship tennis team, winners of the trophy for three successive years, started preparations last week for the spring campaign. Daily workouts were held on the gymnasium floor due to the fact that the courts are not yet in shape. It is thought that a group of student workers will put the playing courts in shape this week so that the racqueteers will be able to get outdoors for intensive training.

The same team which brought the championship to Westminster last spring is available again this year. These men are Captain Paul Gibson, New Kensington; ex-Captain Frances McDowell, Jamestown; William Clark, New Wilmington; William Schafer, Youngstown; and Richard Robinson, Massillon, O. Other men who have reported are Samuel Colman, Philadelphia; Eric Groezinger, Philadelphia; and Ray Marshall, Jamestown.

If he's an ass, and has money, and thinks his wife doesn't measure up to him, he is called a prominent citizen.

Forty Track Candidates Train At Westminster

(International News Service)

NEW WILMINGTON, Pa., April 10.—More than 40 candidates for the Westminster track team have been reporting on the football field for outdoor workouts since last Tuesday and will continue the outdoor preliminary training on the football field until the middle of this week when it is thought that the upper field will be ready for use.

To date the Blue and White cinder path and field men all seem in fair physical condition, but from early practice it is thought that the Westminster team will be weak in the pole vault, hurdles, and weight events. However, there are a large group of men working hard to acquire ability in these lines and it may be that one or more of them will develop into point-getters.

John "Sparky" Connor, center on the Titan basketball team; Thomas McMeekin, another court player; and Russell Boone, varsity football center, will report this week for the weight events and will bolster that phase of track work considerably. McMeekin and Connor will tryout for the javelin, and Boone will try both the javelin and the discus.

Among the sprinters and quarter milers, Captain Bill Hartwell, Louis Peresenyi, Deane Osborne, Adrian Dible, William Crowell, and Orville Mirtz show the most promise. In the distance events, Byers King, Robert Wallace, Edwin Anderson, Elmer Myers, David Myers, Ross Ellis, and William Allen all look fairly good.

In the high jump, broad jump, and pole vault events, Deitrick Cordes, Samuel Stewart, Durward Aker, Hugh Chapin, Jack Lewis, Walter Hutchison, and Kenneth Delahunty have all showed possibilities.

Henry Bucher, Leland Cooper, Joseph Dombrowski, Leander McComb, Walter Hutchison, Wallace Maxwell, Louis Peresenyi, Emmett Tweedy, William Blakley, and Sidney Guest have all been working in the shot, discus, javelin, and hammer. Bucher, Hutchison, and Peresenyi look best to date.

But four weeks remain for the Westminster tracksters to get into shape for the opening meet with Allegheny College here on May 5. Following the meet with the Methodists, Coach Graham's squad meets Carnegie Tech at Pittsburgh on May 11; Grove City at New Wilmington on May 19; Geneva at Beaver Falls on May 23; the Tri-State Conference meet at Beaver Falls on May 30; and Thiel at New Wilmington during commencement week on June 5.

Cowmeadow Wins First Prize In Baseball Contest

James Donnelly Is Second, Several Hundred Answers Are Received

James Cowmeadow of R. R. D. 6, box 173, New Castle, Pa., is the winner of the baseball uniform given by the sporting department of the Cripps Hardware company in their National Baseball Week guessing contest. Out of the 17 pictures of big league players Cowmeadow had them all right but two.

Second prize went to James Donnelly, 807 West Washington street, and the prize is a fielder's glove. Third prize went to Austin Cowmeadow of 912 Beckford street, and the prize was a pair of baseball shoes. Fourth prize was won by Paul Eagan of 858 Croton avenue, and was No. 1 official baseball. Fifth prize, a Louisville bat, went to Earl Bauman of 909 Adams street.

The contest drew hundreds of answers and was very interesting. The contest was staged by F. J. McLaughlin, manager of the sporting goods department of the Cripps company.

Rocco And Scarney; Perotta vs. Jackson

Emmett Rocco, light heavyweight of Ellwood City, and Young Scarney, 180-pounder of Niles, O., clash Wednesday night in a 10-round bout at Youngstown. George Perotta will take on Al Jackson in the semi-final.

Sport Ritticisms

Now Mussolini wants Italian towns to build more golf courses. That will cost him a lot of votes in Venice where the water hazards are too big.

If Johnny Weismuller ever visited the big canal burg they would make him mayor. It's the only place where a pedestrian can be run over by a boat.

Golf should prove popular with Italians. They ought to be good at the game as they have learned how to get a lot of yardage by eating spaghetti.

Spaghetti is a noodle that has grown up into a full meal. It is as long as a flapper's telephone conversation and about as artistic.

Italians aren't as proud of their spaghetti, though, as they are about their famous ruins built by the Romans, the best ruin builders of all time.

The ruins today are about as useful as a hitching post, except that they look better on postcards and cost more money to see.

JUNIOR COEN

Wilbur F. Coen, Jr., known to the tennis world as Junior Coen of Kansas City, may be called the fifth wheel of the American Davis cup machine.

If any of the big four are unable to play in the cup matches, this 16-year-old will be called upon to strut his stuff. And he can strut it— as his practice games in Mexico City showed.

Coen was captain of his high school basketball team, and has shown great interest in other sports besides tennis.

There are three kinds of girls: those who know they are making a good impression, those who think they are and those who wonder if they are.

Youth Will Be Served

By Feg Murray

Copyright, 1928, by Metropolitan Newspaper Service

Yes, most assuredly, "Youth will be served," and youth will return the service with zipping drives that, in their accuracy and ferocity remind you of Billy Johnston in his best days. Then youth himself will serve in turn, and, by the power and twist to his service have "crabbed old age" all tangled up trying to get his racket on the ball.

Youth, in this case, is of course, Wilbur F. "Junior" Coen, the latest tennis sensation, who, at the tender age of 16, "made" the Davis Cup team as an alternate and is now in Mexico City with Tilden, Hennessey, Jones and Allison, trying to smooth over any rough spots in the diplomatic relations between Mexico and the United States that Lindbergh and Will Rogers failed to notice.

As tennis fans will remember, there was some little raising of the eyebrows when "Czar" Tilden nominated his pupil, "Junior" Coen to come to Augusta to try out for the United States team that was to invade Mexico for the preliminary Davis Cup matches. But little Coen—who is of English-Welsh-Scotch stock, by the way, and not Jewish—soon quieted all murmurings by beating Johnny Doeg, Arnold Jones and Bud Chandler, and almost beating the great Tilden himself in a hard five-set match. So there was nothing to do but to take little Wilbur along as an alternate, and leave such stars as George Lott and Bud Chandler behind.

Young Coen first jumped into fame when he was 13 by winning the boys' championship. Tilden saw him and called him "the greatest tennis player of his years in the world today". He started playing when he was nine, and when he is 19 he should be the greatest player in the world of any age!

Baseball Season To Open Tomorrow, Fair Weather Is Forecast

Weatherman Promises Good Weather For 1928 Inaugural Of Baseball

Expect Quarter Million Souls To Trek To Baseball Parks On Wednesday

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, April 10.—Trusted couriers, riding in wildly from the various frontiers after gruelling nights in the saddle, arrived at headquarters today to fall from spent horses in exhaustion. But ere they swooned at our feet, they were able to gasp the tiding that favorable weather might be forthcoming tomorrow on at least seven of the eight sectors where an opening of the major league baseball season scheduled and undoubtedly the thanks of a grateful nation will be theirs.

For tomorrow is the day of days in baseball, the one day of the 365 on which murder lacks the virtue of being really good taste; the one day of the year when the focus of national attention is upon the ball field.

Expect Record Crowds

Not everyone can attend the inaugurals in the eight fortunate cities; but, granted a break in the weather, the total attendance is likely to top a quarter of a million souls.

Only for the Cincinnati opening, between the Reds and Chicago Cubs, are the weather prophets disposed to be pessimistic. They have declared for overcast skies with a possibility of rain. However, "probably clear" is the word for the Polo Grounds' ceremonies involving the Giants and Braves and for the Ebbets field affair between the Dodgers and Phillies.

At Shibe Park, Philadelphia, where the Yanks and Athletics will hold forth, the forecast is for fair weather. At St. Louis, the outlook is for "probably clear and warm" for the Cardinal-Pirate game. Fair and cool comes the word from Chaciga for the White Sox-Indian contest and Detroit, where the Tigers and Browns will play, reports clear and cold weather in the offing. That is Boston's story, too, for the Red Sox-Senator opening.

The latter, by the way, will be a transplanted repetition of today's "gun-beating" ceremonies in Washington, the season being advanced one day in order that Mr. Coolidge may first-ball the situation in the immemorial manner.

New York, Philadelphia, Brooklyn, Detroit and St. Louis figure to outscore the other openings in attendance. In fact, the first two can hardly miss a sell-out. At the Polo Grounds, McGraw will marshal his Giants against the Braves and that means that Rogers Hornsby will be playing against the club that sent him away in that highly emotional trade of mid-winter. Even if it wasn't the start of a new season, the boys would rally around the turnstiles to see the fighting Hornsby try to make the Giants look sour. A crowd of at least 50,000 is expected.

Athletics vs. Yankees

The Shibe Park affair is even more interesting. Not only does it couple the two leading clubs of the American league but it will be a contest of Ruth and Gehrig on one side and Cobb and Speaker, playing together at the sunset of their careers, on the other. The fact, too, that the Yanks couldn't beat a carpet in the South has heightened interest in this contest against the leading contender and in the American league race in general.

Connie Mack is expected to start Lefty Grove against the champions. They probably will counter with Pennock or Hoyt. Close to 40,000 will view this one, provided they can get them in the park.

Anticipated batteries for the remaining games are as follows:

American league—At Chicago, Hudlin and Sewell, Indians, and Lyons and Berg, White Sox; At Boston, Marberry and Ruel, Senators, and McFayden or Wiltse and Heving, Red Sox; at Detroit, Gray and Schang, Browns, and Whitehill and Woodall, Tigers.

National league—At Brooklyn, Ferguson and Wilson, Phillies, and Petty or Vance and Deberry, Dodgers; at Cincinnati, Root and Gonzales, Cubs, and Luque and Hargrave, Reds; at St. Louis, Kremer and Smith, Pirates, and Haines and O'Farrell, Cardinals.

The latter, bringing together two stand-out contenders of the National league, also should play to a big house. However, you can't keep the boys away on opening day with a ball and chain. The average attendance, even where the attraction is not what it might be, figures to be about 25,000.

Diamond Notes

The Fabrizzio Ontonellio baseball team of Youngstown, Ohio are anxious to book games with New Castle teams for the coming summer. For games write to Manager John S. Meyers, care of Fabrizzio Antonellio baseball team 631 Oak street, Youngstown. Phone 73277 and ask for Nick. Coaltown is asked to take notice of this challenge.

The Sporting Editor has this one request to make of the various baseball teams in the city and county. Get Your Scores To The News Office Early, also print or write plainly the results. Many notices have been turned into the News office that could hardly be translated, and these will not be published this summer. Don't forget that all baseball games turned in for publication must be signed and the address or telephone number given on the score sheet.

Cash Donations Increase Fund

Citizens Are Still Raising Funds To Aid Earle Lin Dilks

BOOSTERS CONTRIBUTE $133.26 TO RUNNER

Members of the Dilks Boosters organization, of which J. Garfield Davis is president, Ed McMillen secretary-treasurer and the auditors are Ed Raney and W. R. Rhodes, convened last night at the Elks club and heard returns from the boosters and it was evident they are as keen as ever to aid Earle Lin Dilks, who is carrying on for New Castle in the coast derby.

During the reports it was announced that the boxing enthusiasts of the city last Tuesday night contributed $55.26 to the Dilks fund, the Moose club had contributed $25, Eagles $10 and that the German Beneficial Union members had increased their donation $5.50.

The Eintracht Singing society "kicked in" with $5.50 and the National Radiator company through Ralph Bolsinger came along with $10. The Pennsylvania Radio manufacturers came along with a $5 note while lesser but much appreciated donations were made, all of which will be accounted for in the audit.

So far the report from the sale of tickets for the movie at the Scottish Rite cathedral has not been received but as soon as it is the report will be made known to the public. Dilks is still carrying on and is not "killing himself off" as are some of the others in the race and it is believed that when the derbyists reach the midwest he will be among the leaders.

The names of the new donors as announced last night follow:

Pennsylvania Radio manufacturers, $5; Coy Cole, $1; Moose club, $25; H. G. Harris, 50; a friend, $1; C. W. Kahrer, .50; R. A. Hutchison, .25; W. E. Carr, .50; A. L. Moore, $1; G. R. B., $1; W. C. McCalmont, .25; W. L. Broadbent, .25; fight fans collection, $55.26; P. O. Elder, $1; Thomas McCullough, $1; Charles Ball, $1; Calvin Boyd, $1; Robert J. Wallace, .25; Eintracht Singing society, $5.50; German Beneficial Union, $5; James Wallace, .50; W. R. Morgan, .50; R. J. Cook, .50; Joe McCarthy, .50; J. H. Foster, $2; T. J. Doyle, $1; National Radiator (Ralph Bolsinger) $10; John Kaufmann, Sr., $1; E. L. Thompson, $1; Eagles club, $10.

BODIES OF PAIR FOUND IN NETS

Recovered By Fishermen After Storm On Lake Erie

TOLEDO, O., April 10.—The bodies of Herman Bush, 30, and his brother-in-law, Winnie Brown, 28, who had been missing since Saturday when they went in the power boat Flora for a fishing trip in Lake Erie, were found late Monday in some fishing nets which were being pulled in near Crane Creek, below Reno Beach, 22 miles east of here.

Their disabled craft was discovered opposite Locust Point, some distance away. Its wrecked cabin gave evidence of the storm it had encountered.

Around both bodies were life-preservers. Apparently the victims had abandoned the boat as it was filling with water, drowned and had been caught in the nets.

POSTAL OFFICIAL HELD FOR COURT

(International News Service)

PITTSBURGH April 10—Alleged to have misappropriated $1,840 in government funds, Harry R. Campbell, 40, superintendent of the U. S. postoffice at Turtle Creek, was held under bail for federal court on a charge of embezzlement following a hearing before U. S. Commissioner Roger Knox here today.

N. Y. STOCKS

(International News Service)

NEW YORK, April 10.—Most of the leaders of yesterday's brilliant forward movement settled back to a lower level of prices in the first period today as the result of heavy profit-taking and short selling. Weakness in Mack Trucks, which broke through to the lowest price of the year at 83½, was a feature of the motors, and Radio reacted about 5 points from its opening price of 183¼. A few of the low-priced motors and American Zinc were whipped along smartly by their friendly pools in this period.

The 5½ per cent call loan rate has attracted funds in abundance from outside banks.

Bullish pools is Anaconda Copper, Schulte Stores and other newcomers to the active list stood squarely behind their favorites as selling orders flooded the market in the second hour and the volume of trading was at the 4,000,000-share rate. Large blocks of the low-priced specialties passed through the market.

Barclay Offers More Testimony Regarding Klan

Pittsburgh Man, Investigator For Klan, Recites Depredations

RELATES RIOT AT NILES, OHIO

(International News Service)

PITTSBURGH, April 10.—Roy C. Barclay, of Pittsburgh, investigator for the Ku Klux Klan in Pennsylvania today continued his recital of alleged depredations from the witness stand in Federal court here in the suit of the Klan against five ousted members, despite efforts of Klan counsel to have his story stricken from the records.

The Klan counsel, J. H. Connaughton and M. J. Hosack, asked that the countersuit of the five defendants be thrown out of court, and Judge W. H. S. Thomson took the matter under advisement. The defendants, Van Barrickman, counsel; Rev. John F. Strayer, Latrobe, Dr. Charles F. Hunter, North Bessemer; William C. Davis, Manor and C. H. Oyer, Wilkinsburg, seek an accounting of money collected by the Klan in this state. The Klan's suit is an effort to collect $500,000 damages from the five men.

Barclay said that each county in Pennsylvania had five Klan detectives paid by the Imperial Palace at Atlanta with checks signed by D. C. Stephenson, former leader.

He told of the Klan riot at Niles, O., in the fall of 1924 which followed a parade, and said that it was instigated by Klansmen sworn in as deputies who sought to question negro spectators. Machine guns were posted at various parts of the town by the Klansmen-deputies, Barclay said.

The Klan bombed its own meeting hall in Dayton, O., "to strengthen feeling within the organization," and burned a church in West Dayton, O., Capt. J. R. Ramsey, of Dayton, a defense surprise witness charged. Ramsey said that he was formerly a member of the Night Riders, which he described as a branch of the Klan whose purpose was "to put over a reign of terror, including bombings, murder, assassinations and burning of churches."

Challenged at every turn by Klan counsel, Ramsey said that after the church was burned at West Dayton, he was told by the Night Riders leader "That's the way to do business."

Costes And Lebrix Reach Calcutta

(International News Service)

PARIS, April 10.—Dieudonne Costes and Joseph Lebrix, French trans-Atlantic aviators, who are flying from Tokio to this city by stages, hopped off at Hanoi, French Indo-China, for Calcutta, India, at 7 o'clock this morning (Hanoi time), according to advices from Hanoi this afternoon.

The airline distance from Hanoi to Calcutta is approximately 1,900 miles.

Tax Reduction Of $400,000,000 Now Being Sponsored

United States Chamber Of Commerce Seeks Huge Reduction, Is Reported

COOLIDGE STANDS READY WITH VETO

Senate Finance Committee To Hear Commerce Representatives Thursday

(International News Service)

WASHINGTON, April 10.—A definite fight for a $400,000,000 tax reduction will be launched before the senate finance committee Thursday by the United States Chamber of Commerce.

President Coolidge has intimated he will veto any bill that goes over $200,000,000.

Officials of the organization announced today that they would seek a reduction in the corporation tax from 12½ to 11 per cent, and repeal of all excise and inheritance taxes. They contend this can be accomplished without danger of a treasury deficit.

Acting Secretary of the Treasury Ogden L. Mills indicated that the treasury will be represented before the committee in a "watchful waiting" attitude and that it will oppose any tax cutting program in excess of the $200,000,000 maximum set by Secretary Mellon and approved by President Coolidge.

The Mellon program will be attacked by the commercial body as based upon under-estimated revenues. It was pointed out that in consideration of all other tax reducing programs the treasury has fixed lower limits than were justified in the experience of later developments of the revenue producing ability of the rates.

Chamber of Commerce officials said that the lower rates of the 1926 act resulted in the government's record surplus of $635,000,000 in 1927, a much larger reduction might have been provided for at that time without creating a deficit, they said.

Lions Also Hear Dr. Stewart Carnes

How steel approaching that of the old Damascus sword blade has been rediscovered, and the romance of the steel industry was told to the New Castle Lions by Dr. Stewart Carnes of the Car Van Steel company of Canton, O., at the regular meeting of the club, which took place at noon today in the dining room of the Elks home.

While Dr. Carnes claims that he has not discovered the lost art of the true Damascus sword makers, yet he has produced a steel which at the same time is hard and flexible; it will shave hair, and a sword made of it can be bent so that the point touches the hilt, and when let go, it will fly back to its original position.

We also traced the history of mankind as it applies to his implements, showing how steel was the natural development from the earlier materials which were used for tools.

PUNXSUTAWNEY, April 10.—Mrs. Robert Watson, 74, was burned to death in her home today when her clothing ignited from a gas stove. A daughter, Ella, was slightly burned attempting to extinguish her mother's clothing.

LONE CLASSMATE SURVIVES DEPEW

James L. Rackleff, 92, of Portland, Me., now is the only surviving member of the Yale class of 1856, since the death of Chauncey M. Depew, noted New Yorker, his classmate. Above, he is reading the Yale year book of 1856 in front of the fireplace in his home. Inset is of the statue of Depew in Peekskill, N. Y., his birthplace. He is buried at the Hillside cemetery there.

HOUSEHOLD HINTS

BY MRS. MARY MORTON

In a family where many eggs are used as a "main dish", a new way of cooking them is always appealing. If you don't serve eggs for breakfast they make an excellent luncheon or supper dish, and we can get plenty of fresh eggs at this time of the year.

Eggs Baked in Tomato Sauce
Escalloped Potatoes
Green Onions and Lettuce Salad
Prune Souffle Graham Crackers
Tea or Milk

Today's Recipes.

Eggs in Tomato Sauce—Place a tablespoon of well seasoned tomato sauce in the bottom of individual ramekins or custard dishes; lay on this a poached egg; cover with cream sauce, add a teaspoon of grated cheese for each egg and sprinkle over with a little parsley and bake in a quick oven until brown.

Prune Whip or Souffle—One-third pound prunes, one-half cup sugar, four egg whites, one tablespoon lemon juice, few grains salt. Soak prunes over night to barely cover, cook in double boiler until soft, stone and rub through wire strainer. The mixture should be quite thick. Add sugar and fold into stiffly beaten egg whites, add lemon juice. Put into baking dish, oiled with one tablespoon butter and sugared lightly. Bake about 20 minutes in slow oven—350 degrees. Serve hot or cold, with soft custard sauce or sweetened cream. Other fruits may be used instead of prunes, using one cup pulp. Serves four.

Argue Appeal For Release Of George Remus

(International News Service)

COLUMBUS, Ohio, April 10.—Appeal by George Remus, convicted Cincinnati wife-slayer and former millionaire bootlegger, for his liberation on bail, from the state hospital for criminally insane, at Lima, Ohio, was being constituted by the Ohio supreme court here today.

Attorneys Charles H. Elston, Cincinnati, and D. C. Henderson, Lima, urged the supreme court to authorize release of Remus on bail pending disposition by the state's highest tribunal of an appeal, on behalf of the state, for a reversal of the recent decree of the Allen county appellate court, which held that Remus was sane and should be released from the Lima hospital.

Representing the state, Assistant Prosecutor Walter K. Sibbald, Cincinnati, opposed the release of Remus pending final disposition of the case.

"This case might just as well end if bail is granted Remus," Sibbald declared. Pointing out that the state line is not far from Lima, Sibbald said that Remus would regard his liberty far more than any bail which the court might fix. If Remus was liberated on bail, Sibbald predicted, the present case would "become a moot question."

He insisted that nothing could be gained by admitting Remus to bail pending settlement of the case.

Strengthen Border Patrols To Hamper Smuggling Activity

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, April 10.—Canadian distilleries have agents in many sections of United States and large volumes of liquor are being smuggled into the country by way of West Indies and Florida, according to reports under investigation by prohibition authorities.

Officials have information that a considerable portion of the Canadian product is reaching the United States unadulterated and that it is offering severe competition to the domestic bootleg industry.

Agents of Canadian distilleries are said to deal with distributors in large cities and are making every effort to build up a business by getting whiskey to the consumers without adulteration.

Because of the usual movement of liquor to Canadian lake ports in the last few weeks and probability that with the opening of navigation smuggling on an unprecedented scales will be attempted, the coast guard is rushing more speed boats and men to the lakes.

The border patrols and prohibition forces along the boundary are being strengthened in anticipation of the flood of Canadian liquor and the tourist season which is an annual source of annoyance to customs and dry agents.

Grove City Now Has Clear Water

New Filtration Plant Is Removing Deposits Of Iron From Town's Water

GROVE CITY, Pa., April 10.—The new filtration plant has been installed and the contract has been fulfilled but for some cleaning up which is being done this week. Grove City now has a supply of water which is clear as crystal and free from the excess iron deposit which has been responsible for the dark color of the water in the past. It will take a few days for the flushing of the mains completely to remove the rust but already a remarkable change is noticeable in the water.

The plant was installed by the Phelps Construction Co., of Detroit, Michigan. The cost of the plant was to have been borne by a $40,000 bond issue but the expense is being met by an increased water rate. By thus taking care of the expense it is expected thousands of dollars of interest will be saved.

Gives New Book To Local Libraries

Round Presents Copies To Public And School Libraries

Copies of Ernest Greenwood's new book, "Aladdin, U. S. A.," have been presented to the New Castle City Library and to the Westminster College Library and to the high school libraries of the city and nearby towns by L. B. Round, district manager of the Pennsylvania Power company.

This latest work of Mr. Greenwood (Harper & Brothers Publishers) deals with electricity and electrical development in the United States. In it Mr. Greenwood has enhanced his reputation as the author of "Bootlegging in Humanity," "The Little Read School Marm," and "Ellis Island Sob Stores" by treating his subject in the charming, human way of well-told travels that carries with it a gripping interest for youthful as well as adult reader.

Outstanding facts are told in such reliable manner that the story of the first electric plant for the production and distribution of electric energy—the Pearl street, New York, station,—for instance, has called forth an appreciative foreword by Thomas A. Edison of his memories of that historic event on September 4, 1882, in which he says: "Of one thing I am more positive that I was even forty years ago—the electrical development of America has only well begun."

Many interesting phases of electrical accomplishment in the home, in industry and on the farm are related and a chapter on "Power and National Defense" gives an insight into the importance of industry and electric service as demonstrated by the lessons of the world war.

The libraries to which Mr. Round has presented volumes are the New Castle City Library, Westminster College Library, Parochial School Library, Senior High School, Benjamin Franklin Junior High School, George Washington Junior High School, Mahoningtown Junior High School, New Wilmington High School, Wampum High School, Bessemer High School, North Beaver Township High School, Plaingrove High School, Hickory Township Junior High School, Volant High School and Neshannock High School.

One thing America has in common with other nations is a generous willingness to offer itself as a model of righteous.

Feel Miserable This Spring?

To Be Well Your Kidneys Must Function Properly.

SPRING find you tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions too frequent, scanty or burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. *Doan's* are endorsed everywhere. *Ask your neighbor!*

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

The average boy between the age of six and 96 is interested in locomotives. Whether he ever studied mechanics or engineering makes little difference, a locomotive has a strange appeal for him. And this is not surprising for locomotives bespeak action and speed and distant scenes and just looking at one conjures up pictures of other places.

If one locomotive is a treat a group of them is a feast and yesterday I roamed around the B. and O. shops at New Castle Junction, looking at a collection of locomotives.

The engines down there are for the most part, man size. Gone are the old "tinpots" that hauled 40 or 50 cars, gone are the old ordinary sized ones. Today the B. and O. is using locomotives that are the acme of the builders art. Huge monsters 105 feet long with tanks back of them that look large enough to provide a swimming pool for a village.

Big, sleek, powerful looking behemonths that will step away with 200 loaded cars and haul regularly between here and Willard or here and Cumberland, 95 and 100 loads and do it in remarkable time.

Those new Sante Fe type engines have revolutionized the shops down at the junction. The turntable was too small and they put in a three unit affair, 115 feet long. The old ash pit is going, the stalls have to be lengthened and new machinery is being installed for them. Even the tracks are being changed. Years ago an 85 pound rail was considered a fairly heavy rail. Then came the 90 pound then the 100 and when they gor to 110 pound rails it was considered a remarkable thing. Now the B and O. is laying 130 pound rails on the main tracks.

Its a busy place. The roundhouse is a regular beehive of industry with every man knowing his place. Old time mechanics crawling into inconceivably small places to repair boilers or fire boxes, apprentices carrying torches around and over it all a tap, tap, tap of hammers.

Many of the men down there have been there for years. Denny Sturdevant and Bill Beckwith, John Jenkins and Alec Skunder and the rest of them. They have the same artistic eye as a watchmaker but instead of hair springs and staffs they handle huge parts but with the same delicacy of touch and skill.

The General Master Mechanic of the Akron Division, Harry Reese was over yesterday on an inspection trip. Harry is a former New Castle man who hasn't been in America so many years about 15 to be exact, but he has improved his time here. Fifteen years ago he was a mechanic on the B. and O. system. Today he has charge of all the shops on the Akron division and that takes in New Castle, Akron, Willard, Painesville and half a dozen more.

Had an unusual time last night. Spent the evening with the Festival Chorus at their "shenanigan" down at the Y. W. C. A. It was as good as a vaudeville show. Nobody tried to be serious and some of the stunts were unusual.

The Wampum delegation presented an old time family album with living characters. If you ever went through an old time album then you have some idea of what they put on. It's so good that those Wampum folks should be asked to bring that act back to New Castle when a lot of people could see it.

It was the night to blow off steam and the chorus blew plenty of it off. One thing is apparent and that is that the Festival chorus must be kept together. Anything that adds to the cultural side of a city or county should be encouraged and certainly this chorus does that thing.

As this is being written Lieutenant Sherman and Ralph Kegarise paid a short visit to the colyum and as a result of the visit this afternoon I'm going flying. If you hear a droning of motors over your sun parlor this afternoon don't look up, it's just Kegarise's plane.

Do Unto Your Hands as You Would Have Them Do Unto You

By Edna Wallace Hopper

How many times it is said that a woman's hands betray her age. If this is true, start right now the pleasurable game of betraying your hands. The real truth behind the saying is that your hands will be kind to you if you show them a little consideration. It is simple. I know that my hands have responded marvelously to it. Everytime I wash them, in my theater dressing room or at the hotel, I promptly counteract the effect of soap and water by rubbing on briskly my Youth Hand Lotion.

Edna Wallace Hopper as she looks today

This is a wonderful treat to the skin. Even the first application will show you. Your skin will absorb the lotion as quickly as a plant consumes moisture after the rainfall. It leaves your hands smooth and dry, and you can put on gloves immediately after using. Soft, white, lovely hands will be yours. You will realize how much your skin needs this soothing attention.

Always keep a bottle on your dressing table or bath room shelf. And most of all you need one where you work—whether your daily tasks are in the home or elsewhere.

German Swimmer Sets New Mark

Sea Lion Tries To Keep Up To German Endurance Swimmer But Fails

(International News Service)

HAMBURG, Germany, April 10.—Tiring out a pet sea lion that had paced him, Otto Kemmerick, German swimming champion, today broke his own world record of 32 hours at the Circusbusch Pool, at 1 o'clock this afternoon. Kemmerick had been swimming for 41 hours and he said he expected to keep going another nine hours. The swimmer took a little chocolate and cocoa hourly.

The sea lion quit exhausted after 24 hours. It went to sleep and slept 12 hours.

YOUTHS ARE DYING FROM RAT POISON

GALLIPOLIS, O., April 10.—Two Piketon, O., lads, Theodore, 8, and Oliver, 6, sons of Mr. and Mrs. Lee Woodridge, were dying today, unconscious after drinking poison for rats, handed them in a bottle passed thru the fence by a neighbor boy, Claude Bridgner, 7.

The orator who does the "keynoting" at a political convention is just about as important as the vase of flowers on the piano at a recital.—Asheville Times.

DESPONDENT MAN COMMITS SUICIDE

ZANESVILLE, O., April 10.—William F. Tannehill, 68, a member of a pioneer family of this county, committed suicide by shooting himself through the right temple at his home in a suburb near here Monday afternoon. Despondency was given as the cause. He leaves a wife.
